Fair Weather Favors Crowds At Fairgrounds

The 1958 Pickaway County Fair got underway today with fair weather favoring the early crowds.

At noon judging of 4-H swine was nearing a close with a grand champion to be named in the early afternoon. Future Farmers of America swine, sheep judging was completed about noon.

Tonight the two big features of the fair are the selection of the 1958 Fair king and queen and the junior fair talent contest.

The two features have been combined with both slated before the grandstand at 8 p.m. Judges will select the king and queen from 19 candidates. Twelve acts will compete in the talent contest.

This afternoon's schedule called for judging of the flower show, an apple pie baking contest, tractor pull, plus judging of grain, fruit and vegetables.

The weather forecast for tomorrow is for partly cloudy with scattered thundershowers and temperatures a little cooler. Today's fair weather almost assured a record opening day crowd.

On the slate for tomorrow are judging of open class beef, 4-H sheep, poultry, rabbits and crops; a brand new sheep fitting demonstration at 2 p.m., a band festival at 7:30 p.m. and the top feature of the day is six heats of harness racing at 2 p.m.

Thirteen high school bands will take part in the festival tomorrow night in front of the racetrack grandstand. Among them will be the Circleville High School band, Walnut Twp., Ashville and Jackson Twp. organizations. The bands will give a 2 1/2-hour show.

Fair Schedule Tuesday

8:00 A.M.—Opening ceremonies and Flag Raising
9:00 A.M.—Livestock judging 4-H swine, FFA swine, Sheep, dairy, beef, Misc. Junior Fair judging.
9:00 A.M.—Vegetable, grain and fruit judging.
10:00 A.M.—Tractor Pull.
12:30 P.M.—Flower show judging.
1:00 P.M.—Art judging.
1:30 P.M.—Apple Pie Contest.
8:00 P.M.—Talent Contest.
8:00 P.M.—King and Queen Contest.
6:00 P.M.-10:00 P.M.—Horse Shoe Pitching Qualifying.

Wednesday

8:00 A.M.—Flag Raising by Scouts.
9:00 A.M.—Livestock judging Open class Beef, 4-H sheep.
9:00 A.M.—4-H Poultry, Rabbits, Crops.
1:30 P.M.—Apple Pie Contest.
2:00 P.M.—Flower arrangement Demonstration.
2:00 P.M.—Horse Shoe Pitching Qualifying.
2:00 P.M.—Sheep Fitting Demonstration.
7:30 P.M.—Band Festival.
6:00 P.M.-10:00 P.M.—Horse Shoe Pitching Qualifying.

Dependent Children Getting State Eye

CLEVELAND (AP) — Gov. C. William O'Neill told a group of state welfare leaders here today the state will focus its attention this year on the growing number of dependent children on Ohio's welfare rolls.

Addressing the 68th annual Ohio Welfare Conference, O'Neill said he is appointing a committee of civic and welfare leaders to study the problem.

In 1953, the governor said, some 37,000 children were receiving aid. "Last year, more than 57,000 received this aid. This increase of more than 50 per cent in less than four years emphasizes not only the financial, but also the social problem we face in caring for these young children," O'Neill said.

Stuebenville Fracas Leaves Man, 23, Dead

STUEBENVILLE, Ohio (AP) — Glenn Smith, 23, of Steubenville, was killed instantly and his brother, Neal, 21, injured last night in a shooting fracas on a Steubenville street, police said.

Held on an open charge in the affray was Willie J. Hicks, 23, also of Steubenville.

A hospital here said Neal Smith was in fair condition. Police said the shootings were a climax to an argument.

Men Use Ice Pick, Cane To Duel over Woman

TAMPA, Fla. (AP) — An ice pick and a cane were the weapons selected by two men in their fight for the affections of a 37-year-old woman. J. H. Paradise received two ice pick wounds in the chest, and Luigi Viciri head cuts from the cane. Paradise is 86, Viciri 74.

LAST FIRST — Two-time Democratic Governor and Mrs. Edmund S. Muskie cast their votes in Waterville as heavy balloting marks the last of 138 years of Maine's first-in-the-nation elections. Governor Muskie opposed Republican incumbent Frederick G. Payne for a seat in the U. S. Senate.

Democrats Take Command In Maine's General Election

PORTLAND, Maine (AP) — Maine Democrats won a U. S. Senate seat for the first time in 47 years and rejoiced today over other major triumphs in the state's final first-in-the-nation election.

The Maine outcome often is regarded as a weathervane as to how the wind may blow in the general November elections.

In Newport, R. I., President Eisenhower sized up the Democratic sweep in Maine as a Republican party beating and said there is no use trying to disguise the fact.

In Washington, Democratic National Chairman Paul M. Butler interpreted the Maine results as a sign of a strong Democratic trend in the nation.

"The people are sick of drift and indecision and are eager for firm leadership," Butler said.

Gov. Edmund S. Muskie ousted Republican Sen. Frederick G. Payne by a 3-2 margin in a contest bearing undertones of the Bernard Goldfine case. Payne, like presidential assistant Sherman Adams, has acknowledged receiving favors from the Boston industrialist.

Emphasizing their triumph, the Democrats picked up a seat in the House of Representatives and retained the governor's office being vacated by Muskie. That gave

Bogus Postal Money Order Ring Cracked

CLEVELAND (AP) — The arrest of a 24-year-old Cleveland woman on a charge of passing a counterfeit postal money order has postal inspectors hot on the trail of what may be the first counterfeiting scheme in the 94-year history of U. S. postal money orders.

In jail under \$5,000 bond following arrest here last weekend is Miss Betty Ann Evans, of Cleveland.

Charged with cashing a fake \$95 money order at Polsky Department Store in Akron Aug. 25, she waived a hearing at arraignment Monday before U. S. Commissioner H. A. Horn.

About 50 other \$95 counterfeit orders have been cashed since then here and in Columbus, Worthington, Toledo, Dayton, Cincinnati and Pittsburgh, Postal Inspector James J. Farrell said.

He said the forms were "very good reproductions" but had one mistake. The stamp in the lower right-hand corner was "Wabash St. Stat." in Chicago, Farrell said. There is no Wabash St. postal station and the post office uses "sta" to abbreviate station.

Asst. U. S. Attorney George W. Morrison said this was the first recorded case of postal money order counterfeiting since the forms were introduced in 1864.

He Has Good Excuse

OAKLAND, Calif. (AP) — William W. Hoffman had the best excuse possible for getting out of jury duty. He is the presiding judge.

them four of the five major offices at stake. One Democrat and one Republican won re-election to the House.

The election—the last to be held ahead of the rest of the nation—was watched by politicians of both parties for trends and possible campaign issues in the other states.

Muskie was the first Democrat ever sent to the Senate by the normally Republican electorate of the Pine Tree State. The Legislature chose the last Democratic senator in 1911 — before senators were elected by popular ballot.

Clinton A. Clauson, former mayor of Waterville, took the governorship by a close margin over Horace A. Hildreth, a GOP former governor.

James C. Oliver, a Cape Elizabeth real estate man, beat out Republican Rep. Robert Hale, who was seeking a ninth term in the House.

Democrat Frank M. Coffin, a Lewiston lawyer, won re-election over Neil S. Bishop, Stockton Springs farmer. Coffin, when first elected two years ago, was the first Maine Democrat to serve in the House in 22 years.

Rep. Clifford G. McIntire, a Perham potato farmer, was the only Republican in major office to survive the Democratic wave. He won re-election over Gerald J. Grady, a professor of government at the University of Maine.

Complete, unofficial returns from the state's 632 voting precincts gave:

For senator: Muskie 171,942; Payne 112,178.
For governor: Clauson 145,619; Hildreth 134,998.
For Congress, 1st Dist.: Oliver 54,630; Hale 51,702.
Congress, 2nd Dist.: Coffin 59,698; Bishop 37,014.
Congress, 3rd Dist.: McIntire 38,826; Grady 31,354.

Hunt Pressed For Missing Air Force Ship

CHARLESTON, W. Va. (AP) — State police, Civil Air Patrol personnel and sheriff's deputies searched a remote, mountainous section of southern West Virginia today for a missing Air Force plane.

The plane, a C-45 en route from Bluefield to Columbus, Ind., was believed down in a section of Raleigh County about 40 miles southwest of this West Virginia capital.

Reports from the scene said no trace had been found of the silver-colored Beechcraft carrying four persons. The intensive ground search was launched Monday night after two boys reported finding a crashed plane.

At Columbus, Ind., Bakalar Air Force Base identified those aboard the plane as Maj. George A. Smith, Bakalar operations director; Capt. Edward E. Goltkamp, also of Bakalar, and Mr. and Mrs. William Hamilton, Civil Air Patrol officers from Huntington, W. Va.

The plane was one of several taking part in a simulated search mission during the weekend.

U.S. Holds Key In Quemoy Fuss

Navy Boss Says Chiang Needs American Help

TAIPEI, Formosa (AP) — With U. S. help the Chinese Nationalists can keep the Quemoy islands supplied despite "a relatively determined effort by the Chinese Communists" to blockade the besieged outposts, Vice Adm. Wallace M. Beakley said today.

The commander of the U. S. 7th Fleet in the Formosa Strait indicated however, that U. S. help at present consists in escorting Nationalist supply convoys no closer than within three miles of Quemoy. The United States recognizes only a three-mile limit to Chinese coastal waters despite a Communist claim last week of a 12-mile limit.

The first American escort Sunday "was to show that the United States is not going to stand by idly and see these islands starve," Beakley said on his flagship, the cruiser Helena.

On Sunday Communist artillery on the mainland withheld fire but Monday it blasted away at the Nationalist ships as they beached on Quemoy. The Nationalist Defense Ministry said an ammunition ship was blown up and a food ship was forced to retreat without unloading.

Beakley said "none of our (American) ships has been shot at yet," but the resumption of heavy Red shelling changes the picture completely.

"The Chinese Communists' great interdiction capability lies in their shore batteries," he said. "If these must be silenced, it will be a tough job for the Chinese Nationalists to take on."

The Nationalists on Formosa continued to indicate they might bomb the mainland batteries. Radio broadcasts renewed appeals to civilians to move away from Communist artillery emplacements.

Responsible quarters asserted, however, that U. S. approval still was needed for any strike at the mainland and there was no indication such approval was forthcoming.

U.S. Idle Total Continues Decline

WASHINGTON (AP) — The Government reported today that unemployment dropped by 600,000 last month, to 4,699,000. The drop was not quite as big as usual at this time of year.

The rate of unemployment, after taking seasonal factors into account, rose to the highest point since World War II, excluding one month in 1949 when a coal strike pushed up the figure.

The Commerce and Labor department reported employment in August was up nearly 200,000 to a seasonal high of 65,367,000.

August unemployment compared with a July figure of 5,294,000. The departments calculated that 7.6 per cent of the labor force was jobless last month on a seasonally adjusted basis.

Sinner Awaiting Trial

DENVER (AP) — Monty R. Sinner of Grand Junction, Colo., has received 27 parking tickets in Denver over a four-month period. He is awaiting trial.

Fund Meeting Is Changed To Avoid Conflict with Fair

Conflict with the county fair has caused a shift in the Community Fund training session for county captains.

L. D. Varble, campaign chairman, said the meeting will be September 18 at 7:30 p. m. instead of Thursday. Other training meetings, for residential solicitors are set for September 24 and 25, at 7 and 8:30 p. m. all at the Varble home, Circle Drive.

Last night captains of the special groups divisions met at the

State Fair Aide Quits in Mystery

COLUMBUS, Ohio (AP) — Harry G. Dotson, 48-year-old assistant manager of the Ohio State Fair, has resigned after being relieved of his duties.

D. Robert Jones, fair manager, said today Dotson's resignation, effective Oct. 15, has been accepted. Both he and Dr. James R. Hay, Ohio agriculture director, said the resignation was not requested.

"Dotson was notified Friday that his responsibilities with regards to concessions would be discontinued," Dr. Hay said. Jones said in a prepared statement "Dotson was relieved as manager of concessions and space authority over

grounds personnel" and his resignation followed.

Dotson reported that on the closing of the 1958 state fair he was handed a memo from Jones relieving him of responsibility and ordering him to "make available . . . all records . . . and turn over all cash . . . before witnesses in my (Jones) office."

He said he received the message last Friday at 5 p.m.

"When I went back to my office at 7:30, my key no longer fit the lock on the door," Dotson said. He said in a brief talk with Jones, "I gathered he wanted my resignation." He said he answered Jones' memo with his resignation effective Oct. 15.

13 Die as Jet Bombers Crash

Big Planes Collide Near Spokane Airport

SPOKANE, Wash. (AP) — A giant B52 jet bomber sliced into the side of another at sundown Monday and both planes crashed in flames near a busy highway. Thirteen of the 16 men aboard were killed.

A 200-pound chunk of landing gear sailed through the air, smashed through a service station sign and skidded to rest on the shoulder of Highway 2, a main link between Spokane and Seattle.

The roar of the crash, flying debris and the explosion as the planes hit the ground terrified two fleeing service station attendants and two customers, along with patrons of a nearby tavern. But no one on the ground was hurt.

The eight-million-dollar B52s, prime atom bomb carriers of the Strategic Air Command, were making routine landings at Fairchild Air Force Base when they collided about 1,500 feet over the highway.

The B52s were carrying some classified materials but officials said these did not include nuclear weapons.

Joe Martella, a service station attendant, said both planes were turning at the time.

"I looked up when I heard a tremendous roar from the engines of one plane," he said. "The pilot seemed to be trying to get out of the way. Then they hit. The wing of one hit the other right behind the cockpit and it looked like it was cut in two." Martella and the station owner, Mike Anderson, ran across the highway and dived into a ditch.

The planes were less than two miles from the Fairchild runway when they collided.

Car Gone but Dog Stays in Parking Area

RIDGEWOOD, N.J. (AP) — Mrs. Peter Pagano thought her sports car was safe. She left her boxer dog sitting in it, in the parking lot of a supermarket.

When she came out of the store, the dog was sitting in the parking space. The car was gone.

Police sent out a 13-state alarm for the missing roadster.

MARJORIE SCHNEIDER

Kidnaped Girl Slain by Rapist

Husky Coloradoan Tells Sheriff about Crime

FORT COLLINS, Colo. (AP) — The body of a pretty blonde stenographer, who was kidnaped, raped and later died of three bullet wounds in her head, was found Monday in a shallow grave atop a mountain.

Sheriff Ray Scheerer said Floyd J. Robertson, a husky 25-year-old cement worker, orally admitted the crime.

Robertson told officers he warned the woman, Marjorie Schneider, 18, that "I'm a crack shot," and then pumped three bullets into her head Sunday morning as she ran from his car.

Robertson then carried the body to the top of a high mountain and dumped it into a shallow hole. "My God, why did I do it?" Robertson sobbed to officers Monday night.

No charges have been filed. The girl's ravished body was uncovered late Monday—about 36 hours after a gunman had surprised her and three other young people as they sat in a parked car at a lonely lovers' lane four miles southwest of Fort Collins. He shot up the car, robbed the couples and kidnaped the Schneider girl.

Robertson, a father of three children, was quoted by Sheriff Ray Scheerer as saying he forced the girl to drive for some distance and that he himself drove a while until a tire blew out.

When Robertson tried to repair the tire on a county road about 30 miles from the kidnap scene, the girl broke and ran.

"I shouted to her: 'I'm sorry I'm such a crack shot but I'm gonna have to do this,'" Robertson was quoted as saying. "Then I shot her."

When Robertson tried to repair the tire on a county road about 30 miles from the kidnap scene, the girl broke and ran.

"I shouted to her: 'I'm sorry I'm such a crack shot but I'm gonna have to do this,'" Robertson was quoted as saying. "Then I shot her."

Man Accused in Death Of His Estranged Wife

COLUMBUS, Ohio (AP) — Police today are searching for George Ward, 29, of Columbus, wanted in the fatal shooting of his estranged wife, Shirley, 26.

The shooting occurred Monday as Mrs. Ward, a nurse's aide and mother of a 9-year-old girl, arrived at the home where she was living with Walter Poindexter.

Poindexter told police Ward followed his car into the garage, fired several shots at Mrs. Ward and fled.

Peiping Asked To Shun Force

No Details Outlined In Advance of Talks

WASHINGTON (AP) — Secretary of State Dulles hinted today the United States is ready to offer concessions if Red China will renounce the use of force in the Formosa Straits.

Dulles told a news conference he could not go into details in advance of expected diplomatic talks with Red China at Warsaw.

At the same time, Dulles emphasized again that the United States believes it is essential to the Free World's defense posture in the Far East to maintain a firm stand against Red Chinese threats to conquer Nationalist-held islands in the Formosa Straits.

Dulles indicated that if Red China were to attack today the United States would help the Nationalist defenders, at first logistically and later with American fighting men if the Nationalists were unable to beat back the Communist invaders.

But Dulles refused to spell out precisely what the United States would do in any given circumstance.

And he stressed that despite the tension he expected no war.

He acknowledged, however, that the situation could be compared with Korea and the blockade of Berlin.

Dulles told reporters U. S. Ambassador Jacob Beam in Warsaw got in touch today with Red China's Ambassador Wang Ping-Nan. He said Beam told Wang the United States was ready any time to start talking. No precise date was suggested.

Dulles said he hopes to work out in these talks a modus vivendi—a method for getting along.

In reply to a question, Dulles said the United States would seek agreement along detailed, specific lines instead of along general lines as in past fruitless talks with Red China.

Dulles said that if the Chinese Reds agreed to a meaningful renunciation of force, that would alter the situation. Consequences would flow from this, he said, but he could not spell them out in advance because they involved relations with the rights of an ally—Nationalist China.

Dulles was asked whether the United States would recommend evacuation of Quemoy, Matsu and other offshore islands held by Nationalist China if the Peiping regime agreed to renounce force.

He replied the United States (Continued on Page Two)

Alcoholic Ex-GI Gets Aid from Ike

ST. LOUIS, Mo. (AP) — An alcoholic who stabbed himself to death last week was given full military honors at his burial Monday on orders of President Eisenhower.

The President acted promptly upon receiving a telegram Sunday from the wife of I. W. Jeffery, 36, who fought with the Marines at Guadalcanal. Later Jeffery became a successful salesman.

"My husband died an alcoholic, a suicide," Mrs. Jeffery told the President. "We begged for help for him, but St. Louis has no facilities to help alcoholics."

"He was so very proud of the Marine Corps. All I'm asking is a full military funeral. We had the kind of life you and Mrs. Eisenhower have before alcohol won."

Court Record Is Monotonous

KING HILL, Idaho (AP) — Last Friday westbound truck driver Jack Woody of Lakeland, Fla., appeared before Justice of the Peace Lynn Sherman and paid a \$10 fine for an overweight load.

Woody passed through King Hill again Monday on his return trip. Same story, same load, same judge, same fine.

Some Confusion Caused by New 4-Year Term

Some Ohio Voters
Mistaken in Thinking
Auditor Running Again

COLUMBUS, Ohio (AP)—Ohio's new four-year terms for state officials and some senators elected this year cause a bit of confusion in the current campaigning.

Several voters and some local officials show that they believe State Auditor James A. Rhodes is up for re-election this year. He isn't. But Rhodes continues to get requests for his campaign literature and assurances from some Republican well-wishers that they will vote for him next Nov. 4.

Rhodes is mid-way in his second four-year term as auditor. He was the only state administrative post carrying a four-year term until the change to include other elective officials and half the state senators. The rest of the senators will be elected for four years in 1960 on a staggered basis.

Rhodes two years hence expects to run for re-election, but for only a two-year term. The short term was provided so that all candidates for elective state offices will be up for four-year terms in 1962. Those offices are governor, Lieutenant governor, secretary of state, treasurer, auditor and attorney general.

Rhodes' activities in the current campaign account for some of the confusion. He has been out thumping the tub for the Republican "team" of incumbents headed by Gov. C. William O'Neill.

His reputation as an aggressive campaigner, earned in bids for governor in 1950 and 1954, make him widely sought as a speaker at political rallies. Republican headquarters calls on him repeatedly to pinch-hit for top candidates too busy to accept all invitations.

On his own, he is the only state official besides O'Neill to attend all the campaign picnics recently staged by the governor throughout the state.

Rhodes makes no bones about his activities. He goes down the line for O'Neill and other GOP incumbents in the expectation that they will return the favor two years hence when he comes to bid.

Officials in turn have some kind words for Rhodes. They report that for the first time affairs in the auditor's office are up to date; employees get their pay checks on time; so do old-age pensioners and other beneficiaries of state largess; those doing business with the state get paid in a matter of days instead of weeks.

Rhodes also has been commended for bringing audits of state and local governmental operations up to date. Officials assert that alone has aided operations of the local level by uncovering errors that formerly went undetected for years.

What Rhodes will do in 1962 is a matter of some speculation. Some say he still nurses gubernatorial ambitions. The auditor, himself, declines to forecast that far in the future. He says he is happy in his work and that the outcome of his intended bid for re-election in 1960 may determine his plans.

Probe Asked Of Sandusky Soldiers Home

CLEVELAND (AP)—An investigation of the Ohio Soldiers and Sailors Home in Sandusky was sought today by a joint veterans commission representing eight Cuyahoga County veterans' organizations.

In addition to a resolution passed Monday night, the joint commission set up a committee to ask Gov. C. William O'Neill to appoint an investigating body composed of representatives of all veterans groups.

Morris Morgenstern of the Jewish War Veterans, who introduced the resolution, said an investigation last week by the Home's board of trustees was a "white-wash."

"Things haven't been proper over there," Morgenstern charged. "Printed charges of food pilfering and squandering of residents' money must be investigated."

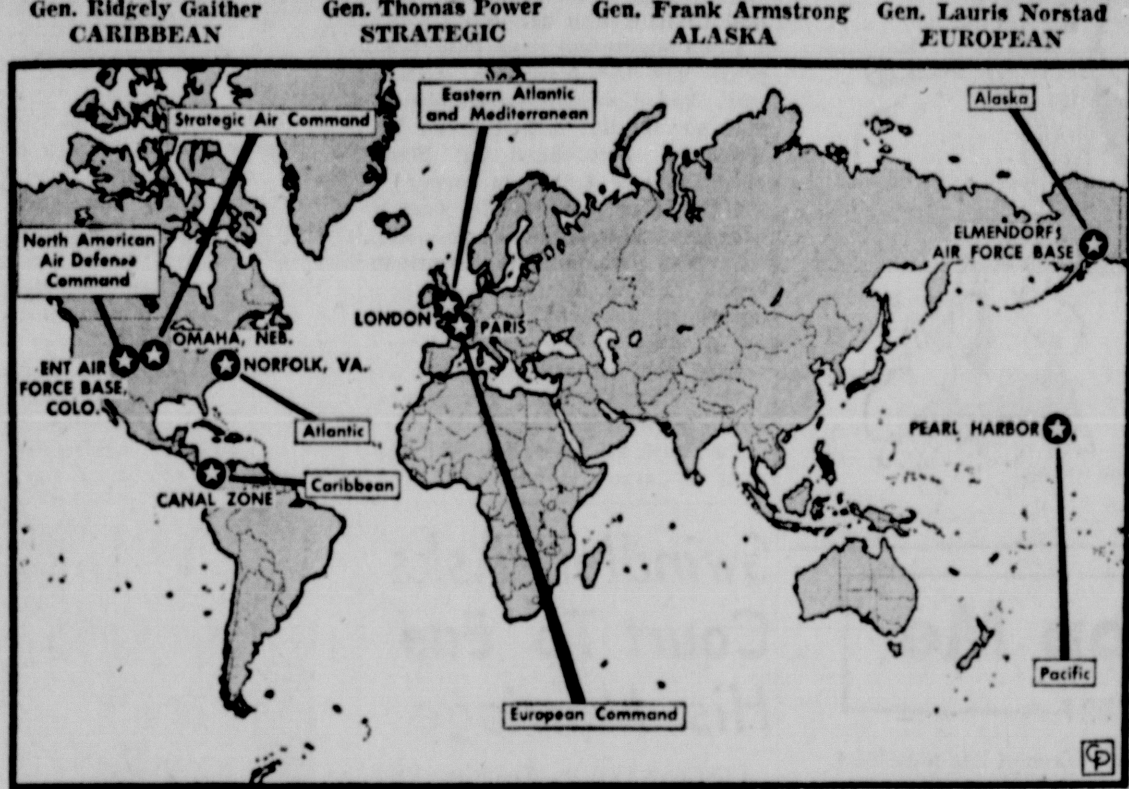

The trustees on Saturday condemned Maj. John W. Parker, the home's commandant, for accepting contributions from residents to defray convention expenses for the National Assn. of State Veterans Homes. The trustees cleared Major Parker of wrong intent.

The home has about 800 residents.

The joint veterans commission includes organizations with about 5,000 members in greater Cleveland. Not included are the largest veterans organizations: American Legion and Veterans of Foreign Wars.

Polio Cases Increase

CINCINNATI (AP)—Cincinnati now has had 12 polio cases this year—eight more than at this time last year. The city health department reports the most recent four cases and said none had Salk vaccine.

STREAMLINED FOR NUCLEAR WAR—Here are the eight U.S. combat commands newly designated to streamline the military for possible nuclear war. Under the "streamlining" orders will come directly from the Defense secretary through the Joint Chiefs of Staff, instead of from service secretaries. A law passed Aug. 6 made such changes possible. Three of the commands have yet to become operational. Dates are Sept. 15, European; Dec. 1, Eastern Atlantic and Mediterranean; Jan. 1, Caribbean. The top commanders also are shown.

U.S. Planning Atomic Tests In Nevada

WASHINGTON (AP)—The United States, with its 1958 nuclear tests in the Pacific completed, starts next week an abbreviated series of atomic tests in the Nevada desert.

The Atomic Energy Commission announced the end of the test firing of nuclear weapons at the Eniwetok Proving Ground in the Pacific. It gave few details beyond calling the tests successful.

A few hours later the commission gave out a few details of the forthcoming Nevada test series which the AEC said Aug. 29 calls for only 10 test shots, all of them relatively small.

The first test, expected about Sept. 15, will be fired from a balloon. The second, set tentatively for about Sept. 25, is to be detonated atop a 50-foot tower. This would be the lowest firing platform ever used on the Nevada grounds, 90 miles northwest of Las Vegas.

The AEC said about half the shots will be in deep underground tunnels but that none of these is scheduled before Oct. 8.

All the shots are to be concluded by Oct. 31, the date proposed by President Eisenhower for a one-year suspension of nuclear tests. Oct. 31 also is the date tentatively set for the beginning of East-West talks in Geneva, Switzerland, on the banning of tests. Both the United States and Britain have offered to end testing for a year from the commencement of the talks if the Soviet Union continues its own test ban.

Radar Speed Checks On Turnpike Planned

CLEVELAND (AP)—High-speed accidents on the Ohio turnpike soon will bring radar enforcement of the speed limits. C. W. Hartford, executive director of the toll road, says. Conferences with the state highway patrol on how radar can best be used on the turnpike already have been held, and some problems still must be met. To try to flag down a turnpike speeder doing 70 or 80 miles an hour is hazardous for a patrolman. And to try to pursue him in a cruiser from a standing stop requires dangerously fast driving over a considerable distance.

New O'Neill Series Set

COLUMBUS, Ohio (AP)—Gov. C. William O'Neill will embark on a new series of campaign breakfast meetings, teas, dinners and rallies next Monday in Mansfield.

Helps You Overcome FALSE TEETH Looseness and Worry

No longer be annoyed or feel ill-at-ease because of loose, wobbly false teeth. FASTEETH, an improved alkaline (non-acid) powder, sprinkled on your plates holds them firmer so they feel more comfortable. Avoid embarrassment caused by loose plates. Get FASTEETH today at any drug counter.

"Mary Haworth's Mail"
DEAR MARY HAWORTH: I am writing for a grief-stricken grandfather, whose son (and only child) was killed in an auto accident two years ago. He was a good husband and left his dependents well protected by insurance.

Later his widow remarried. Kay is now 28. Her new husband is 32, and was a bachelor. They are trying to decide if Sam, (let's call him) should adopt her children, a boy and girl, and give them his surname.

The deceased's parents are strongly opposed. The paternal grandfather would like to have a grandson to carry on the family name; and yet he is trying to be

Union Shop Ban Backers Obtain Non-Profit Charter

COLUMBUS, Ohio (AP)—Backers of a proposed union-shop ban today obtained a non-profit corporation charter for an organization named the Committee for Proposal No. 2, Inc.

Proposal No. 2 on the Nov. 4 election ballot calls for a change in the state constitution to outlaw the union shop in Ohio. Trustees of the new committee include State Rep. Elton Kille (R-Madison), an incorporator of Ohioans for Right to Work, Inc., that placed the question on election ballots. Other trustees are Leroy D. Gable and Edwin H. Davis, Columbus businessmen.

Purpose of the new organization will be to conduct a campaign in support of the proposed constitutional amendment.

Union forces are opposing the proposal through the United Organized Labor of Ohio, Inc., sponsoring a campaign against proposal No. 2.

Elks Change Play Date For Tangerine Grid Bowl

ORLANDO, Fla. (AP)—The 13th annual Tangerine Bowl game will be played Dec. 27 instead of New Year's Day as in the past.

The sponsoring Elks Lodges said the idea was to attract television coverage in the future. A host of bowl games are played New Year's Day.

Tension Eases On Integration

Vying Factions Await
High Court Decision

By THE ASSOCIATED PRESS
Tension eased somewhat today in Arkansas and Virginia as segregationists settled back to await the U.S. Supreme Court's decision on whether to delay integration of Central High School at Little Rock, Ark.

The high court will hear oral arguments Thursday on a ruling by a Circuit Court of Appeals that the Little Rock school admit Negroes immediately. The Circuit Court stayed its order pending a decision by the U.S. Supreme Court.

All was not quiet on the integration front, however.

Trouble continued to brew in Van Buren, Ark., where U.S. Dist. Judge John E. Miller declined to give immediate relief to Negro students ousted from high school by a white boycott.

He suggested that an attorney for the National Assn. for the Advancement of Colored People file a new suit seeking a temporary injunction. The attorney indicated he would follow the judge's advice.

Negro leaders at Van Buren said none of the Negro pupils will return to school pending the outcome of court action.

A white citizens committee opposed to integration of the high school named a new leader and appointed a committee to confer with the city school board on ways of restoring segregation. One plan involved construction of a Negro high school.

Warren County, in northwest Virginia, was spared temporarily from the threat of having its high school closed under state law which makes it illegal for any school to operate on a racially mixed basis. Federal Judge John Paul directed the Warren County school board to admit 22 Negroes to the county's lone high school, but granted a stay until Sept. 15 to allow the board to seek a formal stay pending appeal from one of the three justices of the 4th U.S. Circuit Court.

In New Orleans, Federal Judge Herbert W. Christenberry signed a preliminary injunction to force the Louisiana State University commuters' college to admit Negroes.

Little Rock Asks Court For Breather

WASHINGTON (AP)—Urging a 2½-year breather in integrating its public schools, the Little Rock school board says federal courts may not be able to cope with state opposition to mixing of races in schools.

The board posed that question Monday in asking the Supreme Court to reverse a ruling by the 8th U.S. Circuit Court of Appeals which struck down a 2½-year delay the board had been granted to integrate Little Rock's troubled Central High School.

In a petition to the court, the school board noted what it called mass opposition to court integration orders "by the people of the state and the state itself."

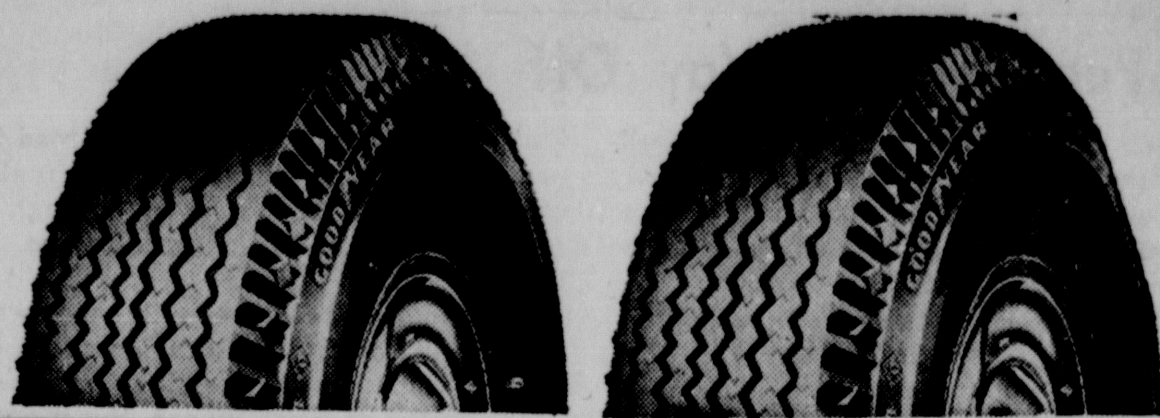

The board said if the high court's 1955 decision calling for an end to racial segregation in public schools is not sufficiently flexible to allow such a delay, "then it may be seriously questioned whether courts are able to effectively cope" with opposition such as that encountered from the state of Arkansas.

"And perhaps this court should so hold," the school board said.

The Supreme Court meets in special session Thursday to hear arguments whether Little Rock is to be given a postponement of integration until January 1961. That date was set by Federal Dist. Judge Harry J. Lemley of Hope, Ark., in granting a delay.

A-Power Long Way Off

Apparently no glowing speeches foretelling the early arrival of the brave new day when the work of the world will be done by atomic power are to be expected at the second United Nations International Conference on the Peaceful Uses of Atomic Energy.

Consensus at the opening of the conference, now under way at Geneva, Switzerland was that the time when atomic energy will be competitive with other fuels was at least a decade away.

That is, it will be at least that long before plants using the principle of atomic fission will be able to produce energy as cheaply as coal. As for utilizing the principle of fusion for peaceful purposes, the hope of taming the power of the hydrogen bomb will have to be deferred for at least two decades.

Prof. Francis Perrin, head of the French atomic energy commission and president of the conference, included in his remarks a warning to the underdeveloped nations

that nuclear power is not "a royal road to prosperity" and that before they can make use of it they will have to "go through a preliminary stage of industrialization in the old way."

Some judicious cold water throwing was doubtless in order. It is easy for mood of anticipation to curdle into bitterness when the expected does not happen. But it does seem that the picture has been made to look a little darker than necessary.

For example, the fact that Britain has awarded a contract to build a \$30 million atomic plant to produce 200,000 kilowatts of electric power is a reminder that in many parts of the world atomic energy can be useful even if it does cost more to produce than energy from coal.

In the field of peaceful uses of atomic energy, at least, the nations are working together to a considerable extent. If they can increase that cooperation, the atomic era may arrive sooner than is hoped for at the moment.

Economy Shows Upswing

With Labor Day and the summer "doldrums" now past, signs of the traditional business invigoration beginning in September are beginning to multiply.

Production of steel, the basic commodity, has been anticipating the upturn for weeks. Building contracts are at a high level. New orders for manufactured goods are on the uptrend.

This is fundamental in economic improvement. It signifies that wholesalers and retailers, after reducing their heavy inventories over a period of months, are now building them up again. That demonstrates confidence in good consumer demand.

Business conditions are dependent to a large extent on psychological factors. As the recession developed, more and more people were saying, "Things are not so

good. Better slow down." That feeling, which induces lethargy, is succeeded by the current assumption that "the recession is over, let's go ahead."

Economists generally do not look for immediate restoration of all out boom times. But if there is no big automobile tie-up or other unhappy development to dull enthusiasm, the signs now point directly to steady economic gains for the nation.

Courtin' Main

Something can be said for a cheerful soul, of course, but some optimists can be a mite too noisy about it.

Man: Small Potato in Sky

By Hal Boyle

NEW YORK (AP)—Man, lord of the Earth, may turn out to be one of the bums of the universe.

He is boss of the circling mud-ball he dwells on. But it is a pretty small potato in the awesome garden of the sky, and man himself may rate only as a minor scheme of things.

To most of us, the idea of life on other planets is a pleasant fiction of science writers. We laugh at cartoons showing little green-eyed bug-and-manlike creatures landing here in space ships and demanding, "Take me to your leader."

A more sobering picture is given by an eminent astronomer, Dr. Harlow Shapley, in the Saturday Review.

Dr. Shapley is no alarmist about any imminent invasion from Mars or Venus, where he doubts any advanced form of life exists. But in a way he is much more alarming than any science-fiction writer.

Does life exist on any other planet? In the huge theater of the heavens, Dr. Shapley believes it reasonable to assume there is life on at least 100 million planets—and, more likely, on perhaps 100 trillion planets.

What kind of life? Probably many forms we are familiar with here on Earth. But Dr. Shapley can visualize others. Trees that walk, for example, and animals which, weary of mobility, may from time to time put down roots into the soil and vegetate for a while.

There may even exist higher forms of life than man which have developed senses beyond his own five limited avenues to knowledge—taste, sight, scent, touch and hearing.

"We may be intellectual minims in the life of the universe," says Dr. Shapley, who seems overly cheerful at the prospect man is a planetary ignoramus.

His chilling assessment puts a

new light on the whole situation. All along we have thought of our neighbors from way up there as freaks. And it may turn out we are the freaks.

If they arrive here before we go there, will they come as friends? Or will they, perhaps seize us for use as food for their pets, bait to go fishing, or live toys to entertain their children?

The mundane fears do not disturb Dr. Shapley, who thinks the human ego could do with a little deflating.

"We cannot escape humility," he says, "and as groping philosophers and scientists we are thankful for the mysteries that still lie beyond our grasp."

Dr. Shapley can go on being as thankful as he wants to. Frankly, we aren't at all.

If a stranger alights from a flying saucer in our vicinity, we plan to throw a rock at him, rush to the nearest phone and call John Foster Dulles—collect.

Ugly Tax Loophole Exists

By George Sokolsky

A justifiable complaint against Congressional Committees is that they rarely complete a task which they set out to do. Either the committee runs out of money or interest or the membership changes, or perhaps the particular subject has ceased to be of public interest.

For instance, the investigation of Mr. Goldfine was a design to embarrass Sherman Adams and to force his resignation. It had nothing to do with taxes. The investigator was John Fox who had had financial dealings with Goldfine and who dislikes him.

During this investigation, it was discovered that over a number of years, Goldfine withdrew cash or bank checks which he did not cash and some of which have never been cashed. Unquestionably the money was Goldfine's and if he chose to keep such huge sums in this unorthodox form in a safe deposit box or a shoe box or in his vest pocket that is his prerogative.

Nevertheless, it ought to be of some interest to the Internal Revenue Service of the Treasury which will bother an ordinary citizen if he is a few dollars out of line, what this unorthodox procedure is, how it benefits the man who pursues it, what it does for him tax-wise and is it better than just holding on to a great deal of cash.

So far as the public knows, the

Congressional investigation of Goldfine and his checks has never been completed. He never explained why he withdrew the checks; he never explained why they remained uncashed. This form of check is as good as cash money, only a small number of them do not take as much room as the amount of cash they represent.

The entire course of the McClellan investigation shows that certain labor leaders steal cash money. This money disappears, although the amounts are huge. Obviously, there is some kind of split up. Nevertheless, there is considerable cash on hand that is taken out of circulation and that must get back into circulation if it is to have any value to those who have it. It has to be invested in stocks or real estate or enterprises and it has to be done in such a manner that the investments are legitimate.

This undoubtedly requires the assistance of an accountant and a lawyer and needs careful handling. The money is probably taken in a bribe case or a suitcase to Switzerland or to Panama or to some other tax haven. There it is placed in an anonymous account for investment in the United States.

The investment is amalgamated with similar accounts, some of which are American; others European, Asiatic or African. Whatever purchases are made in the United States are in the name of an alien bank, an alien nominee or an alien corporation.

A withholding tax of 32 per cent should be collected on the profits earned but probably is not, as this gets involved in all sorts of reciprocal trade agreements and other devices. The fact is that the honest United States citizen who pays his taxes is gyped because he has to pay more as these thieves escape their taxes. What they fail to pay is charged to the honest citizen. This is a subject that Congress

is afraid to touch with a 10-foot pole. Every time somebody brings it up, the smart members duck, because apparently very important persons and interests are involved who know how to bring pressure to bear on Washington officials.

The Whaley-Eaton Service recently said:

"... Tax liabilities pyramid so fast on both the individual and the corporation as obviously to encourage various sharp practices."

Suppose the Treasury, on the other hand, were to recognize that it is the policy of the Administration to encourage Americans to invest money abroad. It would therefore establish a device which would give American money abroad an incentive and advantage. Such an incentive and advantage can only relate themselves to taxes. An American company functioning abroad should get an exceptional tax benefit if the risk taken has some national value.

This already obtains in the Pakistani treaty which is one of the most unorthodox ever negotiated and signed by the United States since the extraterritorial treaties with Turkey and China were abrogated.

At any rate, something constructive needs to be done to

LAFF-A-DAY

"Fore!"

Try and Stop Me

By BENNETT CERF

THE OWNER of a Great Dane in Mt. Vernon has a serious problem. His ponderous pooch never could be broken of a habit, conceived in puppyhood, of chasing automobiles. Now, however, he's concentrating exclusively on foreign sports cars. And to make matters worse, he catches them, too—then buries them in the back yard.

"Mama," cried a young man as he returned to the family apartment in the Bronx, "The boss wants to give me an interest in the business!" "Wonderful," enthused mama. "Tell me all the details." "No details," he answered. "He just said I either take an interest in the business—or I'm fired."

Dave Garraway confides that he has all but perfected two inventions that should prove a boon to mankind: a silent alarm clock for people who like to oversleep, and a cork anchor for chronic drifters.

Heart Needn't Bar Pregnancy

By Herman N. Bundesen, M.D.

Don't hide the fact that you have heart trouble. Many a young woman who has heart trouble and is planning marriage tries to keep it a secret from her husband-to-be. It's never advisable to start off marriage with a lie or a secret anyway, and heart disease is one thing you can't hide forever.

Both of you will want children, and you probably will be able to have them, providing that you face squarely up to the fact that you do have heart disease.

You will need care before and after the birth of any children. Therefore, discuss the situation

factually with your prospective bridegroom and also your doctor before you are married.

You women with heart disease who already are married, be sure to see your doctor when you begin thinking about making an addition to the family.

The fact that you may have had difficulty with an earlier pregnancy should not necessarily be a bar to increasing the size of the family, but this is a decision for your doctor to make. Perhaps your condition has improved in the intervening period. You won't know for sure unless you consult your doctor immediately. If you see him during the early stages he can take steps to safeguard you from possible complications.

There always is the possibility, of course, that your doctor will advise you that even with good care you do not have a good chance of completing the pregnancy safely. In such a case it will be up to you and your husband to decide what, if anything, should be done. Statistics tell us to be optimistic. Interruption of pregnancy is seldom necessary to save the life of the mother.

The younger you are, naturally, the better are your chances. I suggest that most women with heart disease should try to have their children in the early twenties, if the doctor approves, of course.

Don't worry about your children inheriting your heart troubles. While some doctors believe that children of a mother with heart disease may have a tendency to get rheumatic fever, there is no evidence that heart disease is inherited.

Moreover, less than one per cent of all children are born with a defective heart.

Question and Answer

Q. I. Z.: My lips get sore at the corner of my mouth. Could nail polish have anything to do with it?

A. Answer: It is not likely that nail polish is the cause of your condition. Soreness of the corners of the mouth is usually due to a vitamin B deficiency, but most often riboflavin or vitamin B-2.

32 Years Overdue

BISBEE, Ariz. (AP)—Mrs. Mary Howe, librarian at the Bisbee library, said a man returned an overdue copy of the Works of O. Henry and apologized for his tardiness. The book was marked due April 28, 1926.

You're Telling Me!

By HOYT KING
Central Press Writer

The American Academy of Political and Social Science in Philadelphia has a grant to determine whether our knowledge is being channeled in the best national interest. We've got knowhow, and now we'll have howknow.

You've heard it's not how many brains you have but how you use them? Well, after a hundred and eighty years the nation is going to find out how.

The brainpower survey is aimed at gauging the nation's personnel needs for the next 10 years. Unemployment figures indicate they aren't pressing yet.

Presumably the survey will omit Washington. The Republicans and Democrats are going to take care of personnel needs there.

Eventually, the idea is, talent could be channeled to where it is needed most. Who knows how many umpires missed their calling?

A lot of us might find out we've been wracking our brains when we should've racked them.

Too many people have nothing to offer but no-how.

plug an ugly tax loophole — one that seems to be practised with pride by many distinguished persons who do not regard themselves as thieves.

The World Today

By James Marlow

WASHINGTON (AP) — Nothing in these changing times shows better the changes being forced on a democratic society than the authority given one man to put us into war if and when he alone decides it's necessary.

There have been two startling examples in the past few weeks: when President Eisenhower sent troops into Lebanon and the 7th Fleet into the Formosa Strait, not knowing whether these moves might trigger the Russians and Red Chinese into action.

The Constitution says only Congress has the power to declare war. And Congress is jealous of that power. But it had given Eisenhower beforehand a blank check to use American forces in the Far East and Middle East if necessary to halt the Communists.

Several presidents in American history acting on their own constitutional authority as commander in chief of the armed forces—have sent American forces into action without waiting for congressional approval.

But, with the exception of President Truman's action in Korea,

these were minor episodes compared with what might have followed Eisenhower's use of the armed forces.

Perhaps three things can be pointed to as responsible for inducing Congress—before any actual use of force was considered imminent—to give a president the right to use that force on his own judgment alone:

1. The stepped-up pace of war making—on the ground and in the air—that might make a sudden decision by the President necessary without waiting for action by Congress.

2. Assumption by this country, after more than a century of isolation, of free-world leadership and responsibility for being the bulwark against Communist aggression.

This meant assuming obligations for the defense of its allies and friends, an obligation which might be impossible to fulfill if American action were delayed too long.

3. The vivid experience of Truman in 1950 when, confronted with the lightning attack of the Com-

munist against South Korea, he ordered American forces into action and only consulted congressional leaders later.

Truman felt he had to act fast to save South Korea from being overwhelmed. In this new age—of jets and missiles—similar sudden action might be necessary to prevent a Communist sweep elsewhere.

Eisenhower didn't and couldn't know when he sent troops into Lebanon, after the revolution in Iraq, whether the Soviets, seeing United States forces practically in their back yard, might retaliate in some way that could lead to war.

In Lebanon there was no evidence of Communist attack, but Eisenhower said the friendly Lebanese government asked for help to save it from being overthrown.

Likewise when Eisenhower ordered elements of the 7th Fleet to convoy ammunition ships to the island of Quemoy—three miles off the China mainland—he didn't know whether the Red Chinese might retaliate.

A major war was a possibility in both cases.

Swindler Asks Court To End His Marriage

CINCINNATI (AP)—Thomas Priddy, whose marriage to a widow saved him from prosecution on a charge that he swindled the woman, filed suit here Monday asking the court to annul the marriage.

The annulment suit claimed Priddy, 42, was legally incapable of giving intelligent consent to a "pretended" marriage.

Priddy was arrested here several weeks ago on charges by the widow, Mrs. Emma C. Bailey, 49, that he had swindled her of approximately \$50,000 by saying he would bet the money on fixed horse races.

He was charged with violating a section of the law prohibiting interstate transportation of stolen property and the charge was based on a claim by Mrs. Bailey that she gave Priddy approximately \$5,000 here.

While the federal case was pending, however, Priddy and Mrs. Bailey were married. The federal charge had to be dismissed because a wife could not be required to testify against her husband. She also withdrew the recovery suit.

In his annulment suit, Priddy claimed he was "under duress and compulsion practiced by her . . . and lacked a real intent to enter into a valid marriage contract."

It claimed "the pretended marriage never has been consummated."

At the time the federal case was dismissed, the then Mrs. Priddy claimed her charges against Priddy were all due to a misunderstanding.

Electrical Union Asks Westinghouse For Cut in Hours

PITTSBURGH (AP) — The Independent United Electrical Workers today laid a proposal before Westinghouse Electric Corp. for reduction of the work week from 40 to 37½ hours.

Union officials sought the shorter work week in lieu of an automatic 3½ per cent pay increase Oct. 13. There was no immediate comment from Westinghouse.

Negotiations are being conducted on job security issues under a reopening clause in a five-year contract expiring in 1960.

The UE represents about 9,000 workers employed by Westinghouse.

Management officials are scheduled to meet later this week with two other unions in similar negotiations. They are the International Union of Electrical Workers (IUE) and the Federation of Westinghouse Independent Salaried Unions.

Kentucky Chief To Issue No Call

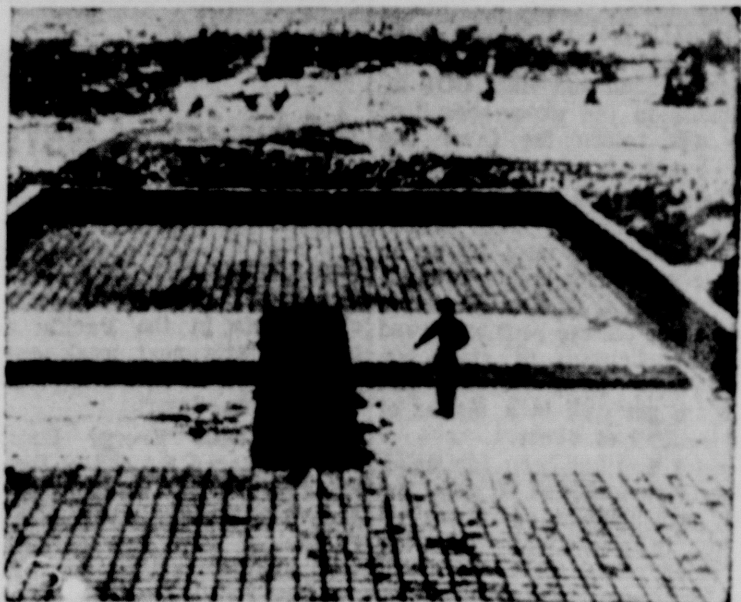

FRANKFORT, Ky. (AP)—Gov. A. B. Chandler said today he would not call a special session of the legislature to extend unemployment compensation benefits to workers whose payments have been exhausted.

Chandler announced the results of his questionnaire to the state's legislators at a press conference.

"Based on the information I have it would be unwise to call a special session. It is manifested from the replies that no good would come of it," Chandler said.

Slit-skirted Chinese woman climbs through shattered timbers of shelled home. Other members of the family stand by.

Hospital superintendent points to shell hole in Red Cross on hospital roof. The shell killed a nurse, injured patients.

QUEMOS BATTERING—These photos from Chinese-embattled Quemoy show a small part of the damage done by shells from the mainland.

(Radiophotos)

Piqua's Hopes For A-Reactor Receive Jolt

WASHINGTON (AP)—The hopes of Piqua, Ohio, to get an atomic reactor — the first proposed for Ohio—have received a jolt.

A group of independent scientists, who study plans for operating reactors to see whether there would be any danger to the public from radiation or explosion, have warned the Atomic Energy Commission that Piqua would be an unsuitable place for a reactor. Their reasons were not stated.

The announcement was made public Monday by Sen. John W. Bricker (R-Ohio), who had received word from H. S. Vance, acting AEC chairman.

Vance said the AEC's advisory committee on reactor safeguards, which made the tentative decision, will meet again in October and will go into the matter further. Since its opinions now are tenta-

Not the Army Way

FORT DIX, N. J. (AP)—Pvt. James Ball of Hoxie, Kan., started his Army career by plunging a .26-inch rifle cleaning rod down his throat, but people who know him won't be concerned by the news. He's a professional sword-swallower.

tive, Vance said, he is withholding its full views.

Congress already had approved funds for the plant which would generate steam for Piqua's municipal electric plant.

In making the committee's view known, Bricker said:

"I am naturally disappointed that residents of Piqua will be denied opportunity to contribute toward the work of harnessing the atom for peaceful purposes.

"Nevertheless, I am sure that all Ohioans join with me in the belief that atomic power, important as it is, must always be secondary to considerations of public health and safety."

Reporter Finds Submarine Alert Only Excitement in U.S. Convoy Duty

By ROBERT TUCKMAN
ABOARD USS HELENA In the Formosa Strait (AP)—An urgent signal flashed from one of our escorting destroyers—possible submarine contact.

The destroyer Collett on our left flank ran up a black flag, signaling her sonar equipment had picked up sounds like those of a sub.

The time was 11:15 Sunday morning. This cruiser, flagship of the U. S. 7th Fleet, had just joined the cruiser Columbus and six American destroyers on an important and perhaps historic mission.

The objective was to escort two Chinese Nationalist landing ships carrying 30 tons of ammunition through the Communist blockade to besieged Quemoy Island just off the Red China mainland.

It was the first time an American-escorted convoy was making a run across the Formosa Strait in daylight, running a risk of Red shore batteries or attack from Red torpedo boats or planes.

The convoy marked a new phase in the American policy to help Chiang Kai-shek hold the offshore islands.

A few miles ahead we could see Quemoy. On our right some 12 miles away but within sight was the Communist mainland.

It was now one hour since the Collett's sub report and the destroyer sent word she still was getting contact.

The two Nationalist ammunition ships moved ahead of their American escorts toward the beach. Now they were accompanied by four small Nationalist patrol boats

Ohio Hospital Leaders Open 3-Day Confab

COLUMBUS, Ohio (AP)—Superintendents from 22 Ohio state hospitals open a three-day conference here today aimed at expanding an open door program for treating mental illness.

A British expert, Dr. Bertram Mandelbrote of Gloucester, will be the principal speaker. He is head of two open door mental hospitals which house 1,200 patients.

The physician told newsmen Monday open door hospitals throw away their keys except for patients dangerous to themselves or others. He said:

"The open door is the end when one has developed the hospital in such a way that patients can live with a minimum of restriction."

He warned that such a program needs considerable preparation. He said patients must be carefully classified, hospital staffs trained and full days of activities planned for patients.

Dr. Mandelbrote said the program in England is largely responsible for a 25 per cent drop in the use of tranquilizers and a marked decrease in restraints for patients.

Efforts to bring an open door program to Ohio institutions have been pledged by Mental Health Director Robert A. Haines on the basis of a study ordered by Gov. C. William O'Neill.

Dr. R. C. Anderson, acting state commissioner of mental hygiene, said, "No one expects this to be done overnight or next year. We want to find out the problems and how Dr. Mandelbrote has solved them."

Ohio has about 35,000 mental patients.

Star Sings Way Through Frontier

WARSAW, Poland (AP)—Returning to his native Poland for the first time in 19 years, operatic tenor Jan Kiepura crossed two Iron Curtain frontiers Sunday without a passport.

At the East Berlin airport the singer reported that his passport had been stolen. The authorities told him he could not continue his trip.

"But I am Jan Kiepura," said the singer.

"It is only you who tells us this, please prove it to us," the official replied.

"I can sing to you," said Kiepura, and did.

The official let him pass.

Theodore Roosevelt was struck by a double tragedy in 1884 when his mother and his wife died within a few hours of each other.

for the remaining three or four miles to shore.

On the flag bridge of the Helena, Vice Adm. Wallace M. Beakley, the 7th Fleet commander, received a stream of reports on the progress of the operation.

He said the landing ships had reached the beach and so far there were no reports of any air activity or artillery from shore.

There had been no Red shelling for the previous 24 hours and little or no bombardment in the previous two days.

At 12:35 another message came

MISS AMERICA — Beautiful 21-year-old Mary Ann Mobley, a senior at the University of Mississippi, receives the crown of "Miss America — 1959" at the final judging at Atlantic City, N.J. Crowning the new beauty queen is her predecessor, Marilyn Van Derbur of Denver, Colo. As Miss Mississippi, the new Miss America won the crown over 51 other contestants.

Man Admits Killing Mother

Parolee Confesses Strangulation Case

CANTON, Ohio (AP) — Stark County Prosecutor Norman J. Putnam said James D. Rutledge, 32, added a written statement Monday night to an oral admission he made on a train ride from Chicago that he had strangled his mother at their home in Minerva Aug. 25.

The 6-foot-2, 235-pound Rutledge, paroled from Mansfield Reformatory June 13, refused to talk with reporters, and Putnam would not disclose what was in the written statement.

Earlier, however, Putnam said Rutledge had told him on the train that he strangled Mrs. Mary J. Rutledge, 58, during an argument. Her body was not found until Aug. 29.

Rutledge was arrested in a Chicago Loop tavern Sunday night and waived extradition early Monday. County Detective Norman Kandell, Minerva Police Chief Don McConahey and Patrolman K. W. Thompson, along with the prosecutor, flew to Chicago and questioned Rutledge for several hours before starting the return trip.

Police quoted him as saying "I was so angry I blacked out" during an argument with his mother over a 40-year-old woman he had brought home from a lonely hearts club meeting. He said when he recovered his senses he was driving his mother's car in Canton.

Police said Rutledge returned home after the killing and sold his mother's furniture. Rutledge, however, said he did not remember this and that everything has been hazy in his mind until he came to Chicago.

He told police he and his mother argued after the woman had left. He said he went upstairs to bed but came down several hours later. He said the quarrel was resumed and he blacked out as he started upstairs again.

from the Collett. Beakley said, "We now evaluate the sounding as a wreck of a ship on the bottom of the sea. It's pretty doubtful that it's a sub."

Then he added with a smile, "We sank too many ships in here in the last war. We keep running into wrecks all the time."

No one had been too much worried by the sub report, although it provided the only moment of anxiety of the operation.

Beakley and his chief of staff, Capt. Arthur F. Spring, had their lunch brought to them, on trays

while they remained on the flag bridge.

Overhead were jet vapor trails, from Nationalist planes flying cover for the convoy.

The gray-helmeted crewmen of the Helena, all wearing bright orange-red life jackets, had been at battle stations since midmorning. They got battle rations of sandwiches and fruit at their gun positions.

At 1:30 we got word that one ammunition landing ship had reached the beach successfully but had trouble and had backed away.

Thirty minutes later came another message from the beach: "Progress going slowly in unloading the first landing ships and have called for more hands. The second ship still is trying to find a grandstand seat."

Beakley ordered the second ship to land at another beach.

At 2:35 the Helena crew was told to "relax battle dress." This meant they could take off life jackets and smoke but must remain at battle stations.

Word from the beach was that unloading of both ships was progressing satisfactorily and would be finished before dark.

Shortly afterward Beakley decided the operation was moving well enough for the Helena to quit the scene, leaving the Columbus and the six destroyers to escort the landing ships back to Formosa.

The Helena broke away and headed for southern Formosa so Beakley could witness joint amphibious exercises of U.S. and Nationalist Marines and naval units.

Except for the submarine alert, the whole operation was so uneventful that it was like peacetime naval exercise.

"The most ferocious thing around here is that shark off our starboard side," one sailor remarked.

Ohio Education Chieftain To Attend Parley

COLUMBUS, Ohio (AP)—Dr. E. E. Holt, state superintendent of public instruction, will meet with superintendents from other states and Lawrence Derthick, U. S. commissioner of education to discuss the sharing of the \$90,000,000 federal school aid bill. The meeting will be held in Washington, Sept. 19-21.

Holt made the announcement Monday at a meeting of the State Board of Education. He said he and 10 other state superintendents held preliminary talks with Derthick last week.

In those talks, Holt said, Derthick outlined four plans in which schools, to become eligible for aid, would have to improve their mathematics, science and foreign language programs; improve guidance counseling and testing series; develop area and vocational and technical programs at the high school level, or improve state statistical reporting.

Each of the plans calls for matching state funds, at least for the first year, Holt said.

The National Defense Education Act, which authorized the funds, covers a four-year period. Congress so far has authorized \$182,800,000 nationally for 1959.

The board approved Holt's recommendation to add eight more school districts to the state's priority list for state financial aid. The districts will receive an estimated \$1,929,207 for buildings and expanding classroom facilities.

That boosted the total aid to \$9,621,207 for 35 distressed districts. The money is to come for a 150 million dollar capital improvement bond issue passed by voters in 1955.

The money was taken from the car's glove compartment, he added.

Daniel Brungs, 402 N. Scioto St., reported to local police that \$200 was taken from his auto Saturday night or early Sunday morning. The car was parked on N. Western Ave.

Brungs said the vehicle was entered by breaking a windshield.

Mandatory Retirement Rule Spreads

More Companies Find Plan To Be 'Best' For All Concerned

By Sam Dawson
AP Business News Analyst
NEW YORK (AP) — Perhaps all of you know of at least one man who has come up against a mandatory retirement rule in his company and had to step out out much against his will.

His plight arouses pity. But the rule is spreading in industry.

And more companies seem to find it best for everyone, although in some board rooms there is discussion of advancing the retirement age — 65 seems to be the norm — in view of the increasing life expectancy that insurance company statistics reveal.

Most executives, although facing the situation themselves, seem to approve of it. But more men begin preparing for the day well in advance and have their plans well blocked out.

More companies are starting up advisory programs to train employees to meet the situation when it arrives.

To see how company presidents themselves feel about executive age and retirement problems, Dun & Bradstreet has queried heads of 162 companies, representing 25 billion dollars in total assets and 30 billion dollars in annual net sales.

It reports today in its publication, Dun's Review and Modern Industry, that three out of four of the manufacturing concerns now have mandatory retirement rules.

Four out of five of the presidents favor the idea in principle. And four out of five already have a successor in mind for their own job.

The average age of the 162 presidents is 55. The average president has had the top job for seven years. On average he has a nine-man team of immediate subordinates, their age averaging 52.

Most of the presidents think executives are most productive in the years between 40 and 60. Understandably, presidents who are younger than the average cite their youth as making it easier to conceive and carry out long-range planning. Those older than the average cite their experience as a prime asset.

Many of the corporate presidents cite as one of their chief problems what to do about aging employees with long executive

service records who are beginning to slip. Some ease up on the older man's duties. Some favor company programs to help executives prepare to retire—and, if it seems best, to help him retire before reaching the mandatory age.

CINCINNATI (AP) — Cincinnati Transit Co. buses tried a new system Monday of using the curb lane on a five-block section of busy Fourth Street in downtown Cincinnati, and President John Paul Jones said it worked well.

He said a stopwatch check showed it moved buses six per cent faster than the previous system of letting any vehicle use the curb lane.

The Circleville Herald, Tuesday, Sept. 9, 1958

Circleville, Ohio

10 States Hold Primaries Today

By THE ASSOCIATED PRESS
Two former Democratic senators pushed comeback attempts today as voters in 10 states chose nominees in party primaries.

Claude Pepper, who held a Senate seat for 14 years until his defeat in 1950, is bidding for a return against Sen. Spessard Holland in Florida's Democratic primary, equivalent to election.

Gov. Ernest McFarland of Arizona, who served two terms in the Senate until he was sidelined in 1952, is making a new try to return to Washington in a race with Stephen W. Langmade, Democratic national committeeman for Arizona.

Today's primary contests involve 8 Senate seats, 59 House seats and 7 governorships.

Many candidates in today's primaries will be nominated automatically because they have no opposition. They include Senators John F. Kennedy (D-Mass.) and Barry Goldwater (R-Ariz.).

Goldwater will face the winner of the McFarland-Langmade race. It was Goldwater who defeated McFarland in 1952.

The Florida fight provides voters with a clear-cut choice in political philosophies. Pepper, a liberal, supported President Franklin Roosevelt's New Deal policies during his years in the Senate. Holland is an avowed conservative.

Most predictions gave Holland the victory.

Among the House races, Mrs. Coya Knutson (D-Minn.) is seeking Democratic renomination in Minnesota without the support of her husband, who thinks she should

service records who are beginning to slip. Some ease up on the older man's duties. Some favor company programs to help executives prepare to retire—and, if it seems best, to help him retire before reaching the mandatory age.

CFD Is Swamped With Complaints

The local fire department was flooded with a long list of complaints Saturday.

The complaints included calls to pump out a ditch, fill up a gas tank, borrow a fire extinguisher, borrow a gas mask to fumigate wheat, a trash burner on fire and last, but not least, a call to kill the odor of a dead cat under a porch.

According to Chief Talmer Wise, it probably was the largest number of complaints ever to come in to his office in a single day.

Mrs. Bishop Given Installed As President of Monday Club

The first meeting of Monday Club was opened by the singing of "America, the Beautiful" with Mrs. Barton Deming, retiring president, presiding. Resolutions of respect for the late Mrs. George Haswell were read by Mrs. R. R. Bales. The program theme for the 1958-59 year "Eternal Vigilance" was presented by Mrs. Ralph Dunkle, program chairman. This will deal with various aspects of the government, stressing the responsibilities of the individual citizen and the important part that women can play in moulding policies.

The gavel was presented by Mrs. Deming to the incoming president, Mrs. Bishop Given. Mrs. Given pledged the support of the new officers in upholding the objectives of Monday Club.

New committees appointed by Mrs. Given were: tellers — Mrs. Kenneth Luna, Mrs. James Hodges, and Mrs. Milford Tassler; budget — Mrs. Barton Deming, Mrs. Clark Will and Mrs. Robert Young; student aid — Mrs. Lawrence Johnson, Mrs. Joe Adkins and Mrs. A. D. Blackburn.

House committee — Mrs. Collis Young, Mrs. Irene Reichelderfer, Mrs. William T. Elm, Mrs. Harold Defenbaugh, Mrs. Anna Chandler, Mrs. C. D. Bennett, Mrs. T. L. Huston and Mrs. Donald Mitchell; blood bank — Miss Alice Ada May, Mrs. A. P. McCoard, Mrs. Robert Doherty, Miss Eleanor Snyder, Mrs. G. H. Adkins, Mrs. Cleon Webb and Mrs. Ralph Hosler.

Sale of articles made by the blind — Mrs. Kenneth Robbins, Mrs. James Carr, Mrs. Charles Gilmore, Mrs. O. E. Barr and Mrs. Frank Morrison; Ohioana calendar — Mrs. James Reichelderfer, Mrs. Enid Denham, Mrs. Arthur John-

son, Miss Anne Leist and Mrs. H. N. Stevenson. Delegates to Assn. of Women's Clubs — Mrs. Dick Robinson, Mrs. George Barnes, and Miss Mary K. May (three juniors delegates to be appointed later); credentials committee — Mrs. Ray Davis, Mrs. E. S. Shane, Mrs. R. R. Bales, Mrs. Robert Adkins, Mrs. Tom Renick, and Mrs. Fred Tammany. Chairman for the evening, Mrs. Forest Croman, presented Mrs. Martin Croman who played as a piano solo "Hail to the Chief" by Bagley, familiar to all of us as the music used when the president is being presented. This set the scene for the paper of the evening, presented by Mrs. George Fishpaw, outlining the duties and responsibilities of the chief executive.

She stated, "As President, Dwight David Eisenhower occupies the most powerful and most important office in our land. His powers in both domestic and foreign affairs are vast. The problems he faces are difficult and complex. The burdens of the presidential office are tremendously heavy. He is the official spokesman for the United States and its government and his words and actions are closely watched both here and abroad."

She then discussed the manner in which the president is elected, his important qualifications, and his salary, which includes allowances for White House expenses.

"The Constitution provided only an outline of presidential powers. Time and such strong men as Washington, Jackson, Lincoln, Cleveland, and the two Roosevelts have helped greatly in shaping the Presidency."

Mrs. Fishpaw said, "we find that our President is really four men in one. As Chief of State he possesses more sovereign power than any king. As Chief of Foreign Affairs he is the sole representative of our nation in its external relations. As Commander-in-Chief of the Army and Navy he has almost untrammelled power in time of war or high crisis and, as Chief of the Government it is his absolute duty to take care that the laws be faithfully executed."

She concluded with, "Irrespective of the individuals who occupy the White House during the kaleidoscopic years to come, it can be confidently predicted that the President of the United States will employ old powers in new ways or discover new sources of power. Weak man in the nation's high office may fumble, but strong men in time of crisis will continue to make great Presidents."

The evening's program was concluded by everyone standing and saluting the flag while Miss Snyder sang "The Pledge to the Flag" written by Malotte. She was accompanied at the piano by Mrs. Huston.

Shower Honors Mrs. Davis

A miscellaneous shower honoring Mrs. Roger Davis (Linda Lou Stockman) was held recently in Cedar Hill Community House. Hostesses for the occasion were Mrs. Vivian Todd, Mrs. Joane Hinton, Mrs. Mary Bowers, Miss Doris Goodman, Mrs. Mary Richards, Mrs. Pearl Kraft and Mrs. Lola Kraft.

Those attending were the bride and hostesses, Miss Edwina Holderman, Mrs. Ethel Klingensmith, Mrs. Kathryn Hoover, Mrs. Sally McPherson, Mrs. Fern Congrove, Mrs. Ann Goodman, Mrs. Catherine Goodman, Mrs. Phyllis Hines, Mrs. Dorothy Dougherty, Miss Ethel Brobst, Mrs. Bonnie Davis, Mrs. Clara Kraft, Mrs. Mae Hartley, Mrs. Olive Lovett, Mrs. Betty Parmer and daughter, Connie, Miss Peggy Clark, Mrs. Louise May Drummond, Miss Mary Clark, Mrs. Fairy Shaw and son, Denny, Dean Hinton, Miss Myrtle Streber, Mrs. Ethel Stout, Miss Evelyn Kraft.

Mrs. Dorothy Majors, Miss Janie Clark, Mrs. Georgia Walker, Mrs. Betty Davis, Miss Cheryl Lovett, Mrs. Carole Reiss, Mrs. Lloyd Davis, Mrs. Guy Stockman, Mrs. Hazel Bowman, Mrs. Robert Leist and Miss Nancy Leist.

Those unable to attend but sending gifts were Mrs. Martha Parsons, Mrs. Grace Leist, Mrs. Jean Palm, Mrs. Louise Booten, Mrs. Barbara Goodman, Mrs. Cecile Palm, Miss Mildred Wilkinson, Mrs. Goldie Thompson, Mrs. Madge White, Mrs. J. H. Brooks and Mrs. Marlene Turner.

Social Happenings

Deercreek Club Holds Installation of Officers

The Deercreek Garden Club met at the Parish House, Thursday evening, with seventeen members and one guest, Mrs. John W. West, being present.

The meeting was called to order by the president, Mrs. Ted F. Corcoran, who presided during the business session.

The roll call and minutes of the last meeting were read by Miss Carolyn L. Bochard, secretary. The Treasurer's report was given by Mrs. Walter Wright. Mrs. Wright also reminded the members again of the importance of paying dues before October 1. After that date a penalty will be added to all dues.

Reports from the various standing committees were given. Mrs. John W. West rejoined the Club and was welcomed back by all the members. A letter was read from the Ohio Association of Garden Clubs regarding the Victor H. Ries Fellowship Fund at Ohio State University. Miss Carolyn L. Bochard expressed her "Thanks" to the club for their kindness shown her during her recent stay in Berger Hospital and after she came home.

A Memorial Service for Miss Bertha S. Jones (one of our Charter members and life-long friend, who passed away on July 12, 1958) was conducted by Mrs. J. R. Bright. An arrangement of white flowers was placed on an improvised altar. This arrangement was made by Mrs. Ted F. Corcoran.

The Memorial Services included the following: piano solo "Meditation" by Mrs. Walter Wright; an appropriate chapter from the Bible and a tribute to Miss Jones was read by Mrs. Bright followed by a prayer, (the tribute was written by Mrs. Bright). The Services closed with the group singing "Rock of Ages" with Mrs. Wright accompanied at the piano.

Mrs. Paul W. Counts installed the new officers for 1958-1959. An appropriate flower pertaining to the following: piano solo "Meditation" by Mrs. Walter Wright; an appropriate chapter from the Bible and a tribute to Miss Jones was read by Mrs. Bright followed by a prayer, (the tribute was written by Mrs. Bright). The Services closed with the group singing "Rock of Ages" with Mrs. Wright accompanied at the piano.

New Officers Installed by Garden Club

Mrs. Ernest Sheets, Five Points, extended the hospitality of her home to the members of the Monrovia Garden Club Monday evening when they met for the first meeting of the new year.

Devotionals were lead by Mrs. Georgia Dick and the roll call was answered by 16 members wearing a flower from their garden and telling its name and any peculiarities it might have.

Four visitors were present, Mrs. Paul Dawson, Mrs. Goldie Sheets, Betty Ann Grabill and Sue Long. An invitation was read to the "Apple Seed to Atoms" program to be held Sept. 12-13th from 10 a. m. to 8 p. m. at Kingswood Center, Mansfield.

The president announced that we had received honorable mention on our year book and she also announced the State Convention to be held at Bowling Green Sept. 12-13.

The highlight of the evening was installation of officers with Mrs. Harry Smith acting as installing officer. Mrs. Eugene Smith was installed president; Mrs. Shirley Anderson, vice-president; Mrs. Herman Porter, secretary and Mrs. Raymond Grabill, treasurer.

Each was presented a vase of garden flowers. The club then presented the out-going president with a gift.

Members present paid their dues and received their new year books for 1958-59.

At the close of the meeting refreshments were served by Mrs. Sheets, assisted by Mrs. Kenneth Gossard and Mrs. Eugene Smith. The October meeting will be held Oct. 6 in the home of Mrs. John O'Day with Mrs. John Huffman assisting hostess.

her office was presented each officer with a large bouquet being presented to the new president.

The new officers are as follows: Mrs. Clark K. Hunsicker Jr., president; Mrs. Bertha Porter, 1st vice president; Mrs. Omer Lemming, 2nd vice president; Miss Carolyn L. Bochard, secretary and Mrs. Walter Wright, treasurer.

Following the Installation Ceremony, the out-going president, Mrs. Ted F. Corcoran, turned the meeting over to the new President, Mrs. Hunsicker announced that the programs for this year are being made and will be distributed at the next meeting. She also read the names of the various committees which she has appointed for the ensuing year.

They are as follows: program — Mrs. James W. Greenwood, Mrs. Lester Wolford, Mrs. Frank Carter and officers; flower show — Mrs. Ted F. Corcoran, Mrs. Clifford D. Bowser and Mrs. William D. Radcliff.

Conservation — Mrs. Dorsey Bumgarner; publicity — Miss Carolyn L. Bochard; sales tax stamps — Miss Ilo Stevenson; ways and means — Mrs. Russell Wardell and Mrs. Emmett Gibson; membership — Mrs. Russell McDill and Mrs. John Wolford; project — Mrs. John H. Dunlap, Jr. and Mrs. Fred L. Tipton.

Tours — Mrs. Frank Carter and Mrs. John Dearth; scrapbook — Mrs. Edna H. Newhouse; hospitality — Mrs. Fred J. Corcoran and Mrs. Paul W. Counts; cards — Mrs. George B. Bochard and Mrs. Russell D. Howard and flowers — Mrs. Omer Lemming and Mrs. Bertha Porter.

Mrs. Hunsicker announced that the Federation of Garden Clubs of Pickaway County will meet at Williamsport Parish House Wednesday, November 12. Registration starts at 1 p. m. Details of this affair will be announced later.

Each member was asked to bring a "Blossom" for identification. This contest was conducted by Mrs. Bertha Porter and Mrs. Ted F. Corcoran. Mrs. Dorsey Bumgarner received the prize for identifying the most "Blossoms".

During the social hour delicious refreshments were served by the hostesses, who were the new officers, with Mrs. Hunsicker acting as chairman.

The next meeting will be held at the parish house at 8 p. m. Thursday October 2. The program chairman for the evening will be Mrs. James W. Greenwood. Mr. Loring E. Hill of Kingston, will be guest speaker using as his topic, "Organic Material".

The roll call response will be, "This is the Month For —". Each member is asked to bring a "Mum" arrangement or display. The hostesses for the evening will be Mrs. Dorsey Bumgarner, Mrs. Ted F. Corcoran, Mrs. Fred J. Corcoran, Mrs. Ray Horsch and Mrs. Edna H. Newhouse.

Tar Hollow Scene for Surprise Fete

A surprise birthday party was given to Bill Montgomery, 500 Renick Ave., by his wife and family Sunday at Tar Hollow State Park. Following the basket lunch, baseball and fishing were enjoyed by those present.

Those attending were: Mr. and Mrs. George Montgomery and family, Jeffery and Gorwin, Columbus; Mr. and Mrs. John Montgomery, Stoutsville; Mr. and Mrs. Hugh Montgomery and family, Kathy, Jimmie and Marie, Circleville;

Mr. and Mrs. David Montgomery and family, Sue Ellen, Stevie and Buddy, Route 4; Mr. and Mrs. Howard Reese and family, George, Gail, Mary Ann and Jimmie, and the hosts.

Miss Nancy Leist Becomes Bride of Mr. Ralph Morris

Before an altar of white and yellow gladioli and brown cactails and seven branched candelabras, Miss Nancy Leist became the bride of Mr. Ralph Ivan Morris. The Rev. Walter Whitaker performed the double ring ceremony at 8 p. m. August 30, in the Calvary EUB Church at Cedar Hill. The pews were marked with white satin bows and fern.

Miss Leist is the daughter of Mr. and Mrs. Robert G. Leist, Amanda and the bridegroom is the son of Mr. and Mrs. Ivan E. Morris, Route 6, Lancaster.

Prenuptial music was presented by Miss Mary Ellen Rowles, Pleasantville, pianist, and Miss Marie Palmer, Rushville, vocalist.

Given in marriage by her father, the bride wore a gown of bridal satin with scalloped neckline and fitted bodice. The bouffant floor length skirt featured an overskirt of embroidered nylon.

For something borrowed, she wore a fingertip veil of illusion worn by her oldest sister, Mrs. James Hardley. She carried a bouquet of white carnations.

Local Woman Assists In Initiation

The Grand Temple officers of Ohio Pythian Sisters initiated a class of Pythian Sisters, named the Myrtle Jewell Class for the Southwestern Ohio Pythian Sisters of District No. 1, at Middletown at 3 p. m. Saturday.

The meeting was opened by D. D. G. C., Myrtle Jewell. Grand Temple officers were presented by District No. 1 pages. Welcome was given by Edna Billingslie, P.D.D.G.C., Reponse by Ruth Bushong, Grand Chief. Ritualistic opening by officers of District No. 1. Initiation by Grand Officers of Ohio, past grand chief, Clara Cochran, Newark; guard, Erla High, Ashtabula; grand protector, Francille Peters, Ashville; grand manager, Lillian Jirik, Cleveland; grand junior, Pauline Thompson, Columbus; grand senior, Florence Robertson, Struthers; grand chief, Ruth Bushong, Findlay.

After ritualistic closing, the Lord's Prayer was sung by Loretta Thompson.

A success banquet followed with 450 guests present. Dancing and social gathering completed the remainder of the evening. Mrs. Evelyn Zwyer, Duval, accompanied Mrs. Peters to Middletown for the occasion.

Persons

Mrs. Eli Hedges, Logan St.; Mrs. Mae Neff, S. Court St.; Miss Elvora Denney, S. Pickaway St. and Mrs. Bess Dunkle, Walnut St. attended the Democratic Women's Convention in Columbus Saturday.

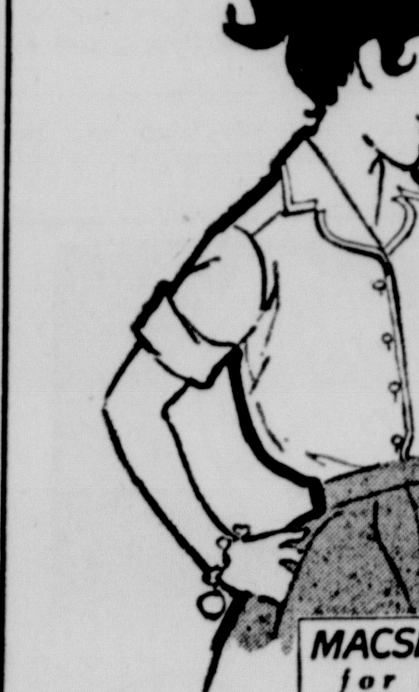

Mrs. Dorothy Adkins and Mrs. Eli Hedges, Logan St., attended the Tarlton School Reunion Sunday.

Date Changed For Garden Club

The Soloqua Garden Club has changed its meeting date to 1:30 p. m. Thursday, September 18 instead of Friday, September 12 due to the Pickaway County Fair. Mrs. Howard Koch, Route 1, Ashville, will be hostess to the group and Mrs. Elzie Brooks will co-hostess.

Pickaway Grange Report

STAR
Star Grange met in the Monroe Township School auditorium Tuesday evening Sept. 2. Worthy Master Lawrence Reid presiding over the business session.

The Lecturer, Mrs. Helen Schleich constructed booklets representing our community. The title of the program was "Let's All be Community Minded." The highlight of the program was "The Community Chest", talk by L. D. Varble.

He explained the purpose of the Community Chest and all the organizations that were represented in it. "Everything that helps the community helps us all."

Election of officers was held with the following results, Master Robert Wrights; Overseer Russell Shamon; Lecturer Mrs. Paul Dawson; Steward Elbert Rawlins; Assistant Steward Dwight Reid; Chaplain Mrs. Herman Porter; Treasurer Harold Furniss; Secretary Ethel Davis; Gatekeeper Wilbur Bethards; Ceres Barbara Storer; Pomona Marilyn Dudeson; Flora Betty Bethards; Lady Assistant Steward, Mrs. Dwight Reid; pianist, Joanna Hunsinger; Legislative Agent C. E. Dick; Juvenile Matron Mrs. Wilbur Bethards and

Executive committee Mr. Albert Dennis.

Refreshments were served by Mr. and Mrs. Loring Storer and Barbara, Mrs. William Snyder, Mr. and Mrs. C. M. Reid and Margaret; Mr. and Mrs. Harmon Bach and Miriam and Mrs. Dale Mowery.

SALT CREEK VALLEY

Saltcreek Valley Grange met in regular session Tuesday night with Worthy Master Francis Fraunfelder in charge.

Plans were made for Grange members to work at the Pickaway County Fair. A donation was given to the Community Fund. The charter was draped in honor of Roy Hartman. Plans were completed for the annual picnic to be held the next meeting night at 6:30 at the school.

Judge William Ammer gave a talk on the duties and functions of the court. Mrs. Clarence Maxson was in charge of the program.

Mr. and Mrs. Joe Valentine and family, Mr. and Mrs. Robert Collins and family served refreshments.

LOGAN ELM

The Logan Elm Grange met in regular session with Worthy Master Hoyt Timmons in charge. The Grange voted to contribute to CARE, Inc.

The Grange made plans for its County Fair booth.

Next meeting will be held September 16 with election of officers. Mr. and Mrs. Hoyt Timmons will have charge of the program and Mr. and Mrs. Harry Montelius and their committee will serve refreshments.

Household Hints

Cakes made with honey and baking powder do not usually rise as high as cakes made with sugar and baking powder. Acids in the honey and baking powder account for this.

When you add dried herbs to salad dressings, let the mixture stand for half an hour or so at room temperature before using; this way flavors have a chance to develop and combine.

Summer cottage cooks: You'll find it's convenient to have dried minced onion on hand. It can usually be added "as is" to dishes.

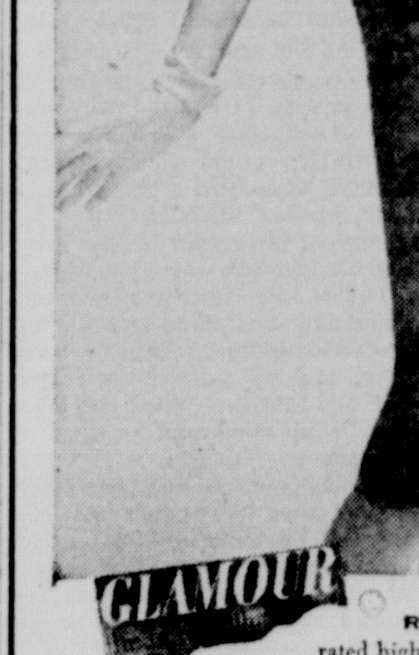

A pastry shell usually needs 12 to 15 minutes in a 450-degree oven.

Wife Preservers

Always iron a clothing pattern before you pin it to the material to do your cutting. It is easier to handle without wrinkles.

Walnut Twp. Eyes Six-Man Crown

Walnut Twp. High School's six-man football team returns to the Pickaway County battlefield as one of the heavy favorites which might dethrone Pickaway Twp. as league champs.

Last year Walnut was runner-up in league play, needing a win in its last game with the Pirates to tie for the title. The vaunted test ended in a 0-0 tie and a crown for Pickaway.

This year Pickaway enters league play weakened by the loss of veterans, while Walnut will field All-Star halfback David Smith and honorable mention end David Weaver, plus four other returning lettermen.

The team will be coached by

Club Announces More Winners

Additional winners in the Circle Valley Riding Club's Horse Show held Sunday at the Pickaway County Fairgrounds were announced today.

The afternoon of horsemanship featured 16 competitive events. Approximately 1,200 persons enjoyed the show.

Winners listed in the last four events were:

Ladies Western—Kay Rapp, Portsmouth; Jackie Knapp, Cincinnati; Eleanor Brackman, Jackson; Neva Rittenhouse, Columbus; and Martha Guisner, Brice.
Five-Gaited English Class—Clyde Alexander, Susan LeValley, Atlanta; Connie Miller, Portsmouth; Jane Williamson, Logan; and Margaret Varnson, Portsmouth.
Junior Horsemanship—Ralph Ridge, Canal Winchester; Mary Short, Circleville; Jim Rapp, Portsmouth; Martha Varney, Wilmington; and Barbara Parker, Columbus.
Scoop Race—Junior, Shelpman, Rushville; George Parker Jr., Columbus; Charles Pritchard, Adelphi; Bob Arledge, Kingston; and Bob Patrick, Ashville.

Woody Stressing Punt Protection

COLUMBUS, Ohio (AP)—Ohio State football coach Woody Hayes, whose teams have had only one punt blocked in Hayes' seven years as coach, doesn't plan to see another one knocked down.

Monday the Buckeyes didn't look good enough on their punter protection so they spent an additional 20 minutes on the practice field.

"Blocked punts can be downright embarrassing," Hayes said. "And they even lose ball games."

Don Vogelgesang of Canton was moved up from his No. 4 center spot after Danny Fronk and Dan James, the No. 1 and 2 centers, were sidelined as the result of knocks received during Saturday's scrimmage.

Finsterwald Cops Utah Open Purse

SALT LAKE CITY (AP)—Dow Finsterwald of Tequesta, Fla., who prefers a no-nonsense finish in the money rather than gamble for play, played his cautious brand of golf Monday and slipped into the championship of the \$17,000 Utah Open.

He carded a 66 for a 267 total and \$2,000 first money.

Finsterwald, a 1958 PGA champion, trailed Fred Hawkins of El Paso, Tex., by two strokes—201 to 199—going into the final round of the 72-hole affair at the Salt Lake Country Club.

But Hawkins' putter went cold on the 15th and 16th holes. Finsterwald caught him with pars.

Paul Reiss, who stated that his ball club will run from a "T" formation with much emphasis on ground play. Walnut's defense will vary, but a basic 3-2-1 will be used mostly.

REISS said his team was young but hoped this handicap would be overcome by its evidence of spirit and determination. He also stated his mainstays at end and halfback would lead both the offensive and defensive attacks.

Weaver, a senior, reported for practice this year weighing 150 lbs. Halfback Clarence Gray, a sophomore, is tops in the weight division, tipping the scales at 180.

Other ends include Lloyd Davidson, junior, 135; Melvin Steff, senior, 170; Bill Brewer, junior, 150; George Forson, junior, 155; Ronnie Tussing, sophomore, 130; Lewis Hildreth, freshman, 120; David Moody, freshman, 125, and Gary Massie, freshman, 140.

Centers are Raymond White, sophomore, 160, and Jerry Owens, freshman, 130. Assisting Smith at halfback will be Gray, Robert Fetherolf, 120, and Irwin Wheeler, 130, both freshmen.

Two quarterbacks fill out the roster. They are Tom Harber, sophomore, 150, and Bill Hoover, sophomore, 130.

Walnut will face Stoutsville at 2 p. m. Friday in the football pre-view at the Pickaway County Fair. Later in the afternoon it will return to meet Darby. Its first league contest is against Pickaway on September 20.

No Expansion Of Loops Seen

Major League Chiefs Cold on Idea Now

CHICAGO (AP)—Baseball Commissioner Ford Frick was definitely on notice today that the National and American leagues have no immediate interest in expansion.

Frick had hoped to use today's joint session as a sounding board for his long nurtured idea of two 10-team leagues, which eventually would blossom into three eight-team circuits. However, he has been told in no uncertain terms that the time for expansion is not yet ripe. In fact, it may be a long time off.

The American League, in a special session Monday, unanimously opposed spreading out beyond its eight clubs.

As Frank Lane of Cleveland put it, "There was absolutely no sentiment for expansion on the part of any club."

The National League, which Frick hoped, and still hopes, would reincorporate New York into its charter and add another large city, did not even bother to hold a meeting. There was a sort of get-together, but the business concerned only schedule making for 1959.

Only two clubs—Milwaukee and Chicago—strongly favor expansion. The others are either dead set against it or don't care one way or another.

National League President Warren Giles explained why he didn't even bother to call a meeting to discuss possible expansion. "In the first place," he said, "Expansion will require unanimous consent of the members. I've never heard any sentiments expressed sufficiently for me to believe that we could get a unanimous vote. And even if we did get it, then there would have to be three-quarters assent to decide which two cities would be accepted as members."

Competing with baseball are twice a weekly stock car races, Thursday night wrestling bouts, and a couple of home football games that fall late in the baseball season. There is daily horse racing in the area most of the summer.

Toronto has no stadium of major league standards. Last May 26, the City Council passed a resolution leaving the door open for conversion of the Canadian National Exhibition grandstand into a baseball stadium. It now seats 24,000 and could be enlarged to 40,000 or so.

But there is a snag. The grandstand has been rented to the Toronto Argonauts of the Big Four Football League starting with the 1959 season. The Argos start their schedule in mid-August. There also is a two-week exhibition season starting in early August.

Enlarging the present Maple Leaf Stadium is not feasible. It seats close to 19,000.

Cooke offered to build a six-million-dollar stadium in Riverdale Park if the city would donate the bowl-shaped land. But the city balked.

NEXT: Fort Worth. . . .

Martin Is Champion

Virgil (Spec) Martin is defending champion horse shoe pitcher in Pickaway County instead of Bill Wilkinson who was listed as the title holder in yesterday's Herald.

Martin captured the crown during last year's Pickaway County Fair. Wilkinson earned second place.

WITH 15 SECONDS REMAINING—It took five years, but the Cleveland Browns finally won a professional exhibition football game in California. Old pro Lou (The Toe) Groza (right) clinched it by kicking a 50-yard field goal with 15 seconds remaining in the game. The tie-breaking kick gave the Browns a 13-10 triumph over the Los Angeles Rams before 41,387 fans in Los Angeles.

Toronto Eyes Big Loop Team

No Real Effort Made To Attract Majors

TORONTO (AP)—Big league baseball in Toronto?

"Closer than you think," say enthusiastic fans.

"Never happen," counter the pessimists who have tired of waiting.

But almost all agree that no definite steps are being taken now to give Canada a major league team.

Toronto fans have top-caliber hockey, football, boxing, horse racing and golf. All draw well. Major basketball had an unsuccessful stay a decade ago when the Toronto Huskies were in the National Basketball Assn.

Jack Kent Cooke, owner of the Toronto Maple Leafs of the International Baseball League, would welcome a major franchise.

Cooke, enthusiastic sportsman and businessman, bought the Leafs in 1951 and built the team into a perennial pennant contender that has drawn an average of about 385,000 fans a season. He says he is convinced Toronto could have major ball if it had a suitable stadium.

Metropolitan Toronto, a city of 1,380,775, is a good baseball town. In 1942, although they finished fourth, the Leafs drew 448,158 fans. When they won their first pennant in 11 years in 1954, 489,717 paid admissions. This year, attendance seems likely to be more than 300,000.

Fruitful territory surrounds the city. Hamilton, Canada's seventh largest city, is 40 miles away. Within commuting distance are Buffalo, N.Y., (85 miles), Oshawa, Ont., (30 miles), and several other sizable communities.

Competing with baseball are twice a weekly stock car races, Thursday night wrestling bouts, and a couple of home football games that fall late in the baseball season. There is daily horse racing in the area most of the summer.

SPORTS

The Circleville Herald, Tuesday, Sept. 9, 1958

Arledge Is Sidelined With Pulled Leg Muscle

Circleville High School's football hopes suffered a jolt yesterday when it was learned that right halfback Walt Arledge probably will not be in the starting lineup in Friday night's season opener with Athens.

The hardrunning halfback and co-captain suffered a pulled leg muscle in Friday night's gridiron preview here. The leg was still bothering him yesterday and it appears that he will see little action Friday night unless there is a quick recovery between now and game time.

Arledge dressed for yesterday's practice, but did not use pads and stayed away from all body contact. With Arledge on the ailing list, it appears that Coach Tom Bennett will shift Ray Phifer to the right half slot. Phifer normally is a left halfback, but has seen considerable action from the alternate post.

THIS would leave the left half position to Roger Wolfe who has been showing plenty of promise. Larry Hannahs seems set at fullback as does Tom Greeno at quarterback.

Injuries also have been plaguing Dave Smith, second string junior quarterback and letterman from last year. He currently is sidelined with a shoulder injury which may keep him under wraps for several days.

In spite of the injuries, the CHS backfield still can count on some competent replacements. Ready to fill in when needed is fullback Dick Bircher and halfbacks Arch Ward and Gary Vandemark.

Bircher has been seeing quite a bit of action as a defensive linebacker, but also has the ability as a running fullback.

Ward and Vandemark have been working well from the halfback posts. Both displayed some commendable running in Friday's preview.

The starting line still appears in

Pirates, Still Riding High, Face Showdown with Giants

By THE ASSOCIATED PRESS

The Pittsburgh Pirates, who haven't been this high in National League standings since 1944, open a three-game showdown for second place tonight with the slumping San Francisco Giants.

The Pirates took a 2 1/2 game hold on the runnerup spot by beating Cincinnati 4-1 Monday night in the only game scheduled in the majors. That means the Giants, who have lost five of their last six, must sweep at Pittsburgh to regain second place in the standings.

They'll complete a suspended game of July 27 tonight before

starting a regularly scheduled game. Play resumes with the score tied 3-all and the Bucs at bat in the eighth inning.

Right-hander Bob Porterfield (2-6) is Manager Danny Murtaugh's choice for the completion of the six-week old suspension for the Pirates, who have won six of their last nine. Righty Paul Giel (4-4) is the Giants' choice.

In the regularly scheduled game, the Pirates, who stand 9-10 against the Giants for the season, will go with rookie right-hander George Witt (8-2) against Stu Miller (5-7). Witt, who shut out Milwaukee 1-0 in 10 innings with a five hiter in his last start, has won six straight. No one has won seven in a row this season in the NL.

It was Curt Raydon, another rookie right-hander, who beat the Redlegs. Although giving up only four hits, he needed Don Gross' hitless mop up after the Reds scored an unearned run in the seventh on a pair of errors by Dick Stuart.

Raydon (8-4) also singled for his first major league hit, in 36 at bats, during a three-run Pirate fifth against loser Tom Acker (3-3).

Roberto Clemente hit three triples, tying the modern major league record for one game. He's the 31st major leaguer to do it.

The American League season has only two weeks to run, but the batting, home run, runs-batted-in and strikeout champions still are undecided.

Pete Runnels of the Boston Red Sox leads in the bat race with .322. Mickey Mantle of the New York Yankees leads in home runs with 39. Jackie Jensen of the Red Sox is tops in RBI with 113. Early Wynn of the Chicago White Sox leads in strikeouts with 155.

The batting race is a five-man battle. Runnels, 30, has a 5-point spread over Bob Cerv of Kansas City (.318) with Vic Power, Cleveland, and Harvey Kuenn, Detroit,

tied for third at .317.

The fifth man is Ted Williams of the Red Sox, who took the 1957 title with .388. Williams, 40, figures to get back into the thick of it tonight, after a 15-day layoff because of sickness.

Neither Runnels, Cerv, Kuenn nor Power ever has won an AL batting title.

Mantle's only serious competition for the homer title appears to be Roy Sievers of Washington, the defending champ. Sievers has hit 36. He won in 1957 with 42. Mantle has 16 games to play, Sievers has 18.

Dykes Trying To Win Nod As Reds Boss

MILWAUKEE (AP) — Portly, shrewd Jimmy Dykes says plainly he wants to lead Cincinnati's Redlegs next season. And it's beginning to look like any other manager would set the Queen City fans howling.

Even with Monday night's 4-1 loss to Pittsburgh's Pirates, the Reds under "temporary" manager Dykes have stacked up 19 victories and 9 losses.

Dykes took over a last place team after the sudden resignation of wizard Birdie Tebbets. He got the team to relax more, hit more and it climbed into the first division again, now 2½ games out of third place.

His boss, General Manager Gabe Paul, has repeatedly refused to give any hint of what the future holds for Dykes with the Reds. He said Monday night, "We will appraise the managerial situation when the time comes."

In Monday's game, the Pirates cuffed Tom Acker and reliever Willard Schmidt for eight hits while their teammates got but four.

Philly starter Curt Raydon not only held the Reds under a tight rein, but banged out his first hit in the majors that sparked a three-run rally in the fifth inning.

The Rhinelanders didn't get to him until the seventh inning when

George Crowe reached first on Dick Stuart's error. Alex Grammas singled and Don Newcombe hit a pinch-grounded that Stuart threw away for another error, loading the bases.

Former Redleg Don Gross took over the mound, but Crowe scored when Walt Dropo pinch-hit into a double-play.

In the Pirates big fifth, Raydon's safety came after Bill Hall's double, and a wild throw by Crowe allowed the Pirate catcher to score. Bill Virdon drove in Raydon with a double and Roberto Clemente's triple scored Virdon.

World Series Due To Start Oct. 1

CHICAGO (AP) — Commissioner Ford Frick Monday announced the 1958 World Series will open Wednesday, Oct. 1 in the city of the National League pennant winner.

With Milwaukee and New York having all but clinched their respective races, the first and second games will be played in Milwaukee, Oct. 3 was set aside for travel with the series resuming in New York on Oct. 4, 5, 6.

If more than five games are needed, Oct. 7 will be used for travel to Milwaukee with the sixth game being played Oct. 8 and seventh on Oct. 9.

All games will start at 1 p.m. local time except for the Sunday date in New York which will start at 2 p.m.

Ward won in 1955 and 1956 but drew a year's suspension in 1957 for expense money irregularities. He's favored today, but Nicklaus isn't awed by his opponent.

Nicklaus beat Richie Baird of Fresno, Calif., 3 and 2 after shooting a one-over par 36 over the rugged, hilly Olympic Country Club Lake course with its par 35-35-70.

John P. Cooke of Ansonia, Conn., a member of the 1956 world champion Olympic crew and a three-year veteran of Yale varsity rowing, will coach the Eli's 150-pound crew.

SPORTS

Amateur Champion Slated To Tangle With Jack Nicklaus

SAN FRANCISCO (AP) — Two-time United States Amateur champion Harvie Ward starts his comeback today against a confident blond collegian from Ohio State.

Ward drew a bye as the 1958 National Amateur tournament opened Monday. He faces a tough test today in 18-year-old Jack Nicklaus, the 1958 Trans-Mississippi king. Should Harvie win, he'll tie the record of the great Lawson Little of 15 consecutive match play victories in this tournament.

Rookies Draw Praise from Brown's Coach

CLEVELAND (AP) — Five Cleveland Browns rookies still were drawing praise from Coach Paul Brown as the team prepared today for its fifth exhibition game—with the Chicago Bears at Solider Field Friday night.

All performed well in Sunday's 21-17 loss to the San Francisco 49ers.

One is Willie Davis, a 240-pounder from Grambling College.

"Willie impresses us more each time he gets in the game," said Brown. "Right now he seems capable of taking over the starting job at either defensive end. And he is a possibility at offensive tackle, too."

Two speedy runners, Bobby Mitchell of Illinois and Leroy Bolden of Michigan State appear to have the inside track for the running halfback job.

Another former Michigan State star, quarterback Jim Ninowski, is fighting sophomore Milt Plum for a starting role.

"You can expect Milt Plum to get progressively more work," Brown explained. "He's played half of the last two games. The next two he'll be in there a lot more."

The fifth freshman to catch Brown's eye is Jim Snofner of TCU, who may be the punter Cleveland has been seeking.

"He gets the ball way in the air and averaged over 40 yards in the 49ers game," the coach recalled. "Yes, I think we found our punter."

Wright, Hanson Vie for Top Cash

DALLAS (AP) — Only Mickey Wright and Beverly Hanson stayed behind today as the women's golf tour moved on to Jackson, Miss. They had a date to play 18 holes to see who got first money in the \$8,500 Dallas Women's Open.

Miss Wright, San Diego, Calif., blonde who is National Open champion, and Miss Hanson of Indio, Calif., the leading money winner of the year, tied at 284 Monday when Miss Wright skied to a 5-over-par 77 on the final round. She had started out with a four-stroke lead over Miss Hanson.

NBA Calls Halt On Charles, Jackson

LAS VEGAS, Nev. (AP) — if the National Boxing Assn. has its way, neither Ezzard Charles nor Hurricane Jackson can get a foot in a ring.

The NBA, holding its 39th annual convention here, Monday adopted resolutions recommending that state NBA commissions suspend the two heavyweights if they try to fight again.

Delegates held that Charles, former world champion, and Jackson, onetime contender, are in no condition to fight.

32. Public Sales PUBLIC SALE

The undersigned, by authority of the will of Bertha S. Jones, deceased, will sell at public sale at the late residence of decedent at Williamsport, Ohio, on

Saturday, October 4, 1958

at 1:00 P. M. (real estate at 2:00 P. M.) the following:

Pickaway County Library Plugs Science Film Series

The Pickaway County District Public Library is responding to the demand for more emphasis on science by making available every month for circulation to the public several 16mm sound films that are designed to bring scientific laws into your home, school or group meeting place.

These dynamic films will excite the children's natural desire to investigate and show them how to do experiments they can perform safely at home or in school.

It is natural for children to try things out and to experiment, to manipulate, to be curious, to ask questions, to seek answers. These films will excite their curiosity and help teach them to be careful and accurate in their observations, according to Mrs. Enid Denham, librarian.

The films have been produced for children from 10 to 16 years of age and can also be used by groups and individuals interested in having an informative and fun-packed evening.

Each package for the month contains three or four science films. Lists of the new terms to be found in these films, questions to be answered after viewing them, things to do and simple experiments to make, and a cross word puzzle using the terms in the films.

THE FILMS themselves may be checked out to adults having a library card and a 16mm sound projector available at the rate of 25 cents per film for 24 hours.

Stock Mart Continues To Climb Higher

NEW YORK (AP) — The stock market renewed attack on its all-time bull market highs in heavy trading early this afternoon.

Steels and motors paced the advance of industrial issues. Rails, which have lagged behind the rest of the market, joined the rise.

Leading issues gained from fractions to well over a point. Chemicals, oils, electronics and selected issues did well.

High hopes that an auto strike would be averted, the rise of steel production toward a new peak for 1958 and the simmering-down of the Formosa Strait crisis bolstered confidence.

Many blue chip stocks hit new highs for the year as the average once again moved to a top level for 1958.

American Telephone, Eastman Kodak and International Business Machines were among the blue chips that made new highs for the year.

Chrysler added about two points while Ford and General Motors added about a point each.

U.S. Steel, Youngstown Sheet, Republic Steel and Lukens were all up a point or better.

American Telephone and Eastman Kodak resumed their gains, adding a point or more.

The Associated Press 60-stock average at noon was up \$1.00 to \$188.70 with the industrials up \$1.90, the rails up \$1.00 and the utilities up 10 cents.

U.S. government bonds drifted lower.

O'Neill Promises Fight on Gambling

CLEVELAND (AP) — Gov. C. William O'Neill told more than 400 Republicans attending a breakfast here today that he would continue his efforts to keep gambling and lawless elements out of Ohio.

He predicted that the "lawless element" would oppose him in his campaign for re-election because of the new four-year term at stake, and added:

"But I'm just as determined as I was two years ago to see that Ohio remains clean."

He said when he took office there were rumors that gamblers would return to Ohio.

"I called in all 88 sheriffs and told them I wanted the law enforced to the letter," the governor said. "The state saw to it that gambling operations in Toledo and in Summit and Stark counties were halted. Gambling places were padlocked."

Films may be booked and reserved in advance.

Educators and scientists are increasingly alarmed about the interest lag in the sciences at the junior high level, the critical years where science subjects become elective and where the long and specialized training of the scientist actually begins.

They agree that it is at this grade level where motivation toward a scientific career must be started if our country is to avoid crucial shortage of scientific and technical manpower in the coming years, Mrs. Denham said.

Science films in the September-

Lois Wittich Piano Recital Well Received

Lois Wittich revealed understanding of pianism and displayed inherent musicianship when she played her graduating recital Saturday evening in the Lutheran Parish House.

The program opened with the Beethoven "Sonata, Op. 26," of which the first movement began with a slow and romantic melody which was followed by five variations. Each variation was given its required individual character.

The third movement, a funeral march, displayed emotional dramaticism, a careful study of pedaling, and attention to tone color and gradation.

This work was succeeded by Rachmaninoff's "Prelude in G Minor" which has already won for Miss Wittich high ratings from the district and state music contests.

The middle section of the program was devoted to two compositions for organ and piano. Both of the numbers, Bach's "Sheep May Safely Graze" and Demarest's "Rhapsody," were well received by the audience.

Following intermission, Miss Wittich turned to two more popular classics, the "Waltz in C-Sharp Minor" by Chopin and "Clair de Lune" by Debussy. Chopin offered the performer a chance to exhibit some lyricism, a quality which was hard to find during the performance because of the heavy programing.

The last two works, three "Preludes" by Shostakovich and Khataturian's "Toccata" convinced the audience of Miss Wittich's insight into the contemporary Russian idiom.

Kurtz Helber, artist instructor at the J. K. Reichelderfer residence is teacher of Lois Wittich.

Forgery Charge Held for Jury

Elmer Hill, 23, of 173 Hayward Ave., was bound the Pickaway County Grand Jury today under \$500 bond on an accusation of forgery and counterfeiting a check.

Hill was cited into Circleville Municipal Court. He is charged with altering a check to read \$25 instead of \$5. The \$5 check originally had been written to Hill by Mrs. Frances Crow.

Police Sgt. Leroy Hawks conducted the investigation which eventually led to Hill's arrest.

October package now available at your Pickaway County Library are "The Lever," "Pendulum," "Wheel, and Axle and Pulley," and "Inclined Plane, Wedge, and Screw".

Other films also available now for use during September and October are:

"Ancient Petra" 10 Min. Color; "Arab Village" 11 Min. B&W; "Circus at the Zoo" 10 Min. B&W; "Defining Democracy" 18 Min. B&W; "Eat for Health" 18 Min. Color; "French Revolution" 16 Min. B&W; "From Ten to Twelve" 26 Min. B&W;

"Frustrating Fours and Fascinating Fives" 22 Min. B&W; "Gallant Little Tailor" 10 Min. B&W; "How Do You Do" 15 Min. B&W; "India - Pakistan and the Union of India" 17 Min. B&W; "Let's Go to the Circus" 9 Min. B&W; "Life in the Desert" 11 Min. Color; "Littlest Angel" 13 1/2 Min. Color; "Malaya, Land of Tin and Rubber" 14 Min. Color; "Maps and Their Meaning" 14 1/2 Min. Color; "Monkey and the Organ Grinder" 10 Min. B&W; "The Oregon Trail" 25 Min. B&W; "Rome - City Eternal" 11 Min. Color; "Three Little Bruins in a Canoe" 10 Min. B&W; "Yours is the Land" 20 Min. Color; "Children's Emotions" 20 Min. B&W.

Mr. and Mrs. Marvin Crumley, Route 4, are the parents of a daughter born at 9:59 p. m. yesterday in Berger Hospital.

MASTER MOATS
Mr. and Mrs. Frank Moats, Jr., Route 2, are the parents of a son born at 12:28 a. m. today in Berger Hospital.

Mrs. Caldwell Named Delegate

Mrs. H. O. Caldwell, Route 1, Lockbourne, was named as a delegate to the Republican State Convention to be held October 9 in Columbus.

Mrs. Caldwell, president of the Pickaway County Women's Republican Club, was named to serve on the permanent organization committee at the convention. She was appointed at a meeting Friday of the Republican leaders of the sixth congressional district held in Chillicothe.

The dinner was called by William H. Harsha Jr., Republican State Central Committeeman from Portsmouth. A total of 60 men and women heard Chalmers Wylie, First Assistant to Governor C. William O'Neill.

The next district meeting was called for 7 p. m. on October 3 to be held in Clermont County at the D-X Ranch.

Fireman Chases Fire

LEXINGTON, Ky. (AP) — Fire Capt. William Tuttle spotted a car with burning brakes as it went by the fire station. He jumped in a truck, overtook the auto and extinguished the fire.

City Schools Open Health Workshop Today, Tomorrow

Circleville City schools will hold a health workshop today and tomorrow for all teachers. Grades seven through 12 will meet with the workshop group this afternoon and the elementary grades will meet tomorrow afternoon.

City School Superintendent George Hartman today said, "Several years ago a few people working with health problems in the city schools had dreams of the day when we could have adequate health service in the schools. Today that dream becomes a reality with the first health workshop conducted in the city schools."

The purpose of the workshop is to bring a better understanding of the new health service to the teachers. It will also enable them to know how to work with the School Health Nurse Mrs. Pauline Kirkpatrick.

Resource personnel for the workshop are Mrs. Walter Heine, representing the school board; Hartman; J. Wray Henry, high school principal; J. L. Chilcote, principal of the Corwin schools; Mrs. Doris White, speech therapist;

MRS. Kirkpatrick, Mrs. Florence Fogle, Coordinator of School Health Education and Assistant Professor of Health Education at Ohio State University, Mrs. Letta Robertson, Director of Women's Activities of the Ohio Farm Bureau Federation; Mrs. Margaret Young, Health and Physical Education Director with the Franklin County Board of Education; W. P. Cushman, professor of Health Education at OSU; Miss

Japanese Hint New 'Girard' Case in Offing

TOKYO (AP) — Justice Minister Kiichi Aichi said today the Japanese government will insist on jurisdiction over a young American airman whose shot from a U.S. air base killed a young Japanese music student on a passing train.

Tokyo newspapers indicated that if the United States doesn't turn A.3.C. Peter E. Longpre of Lakeview, Calif., over to the Japanese, the Americans will have another Girard case on their hands. Aichi told a Cabinet meeting he didn't think the shooting occurred during "performance of official duty" although Longpre was on guard duty at the entrance of Johnson Air Force Base when his carbine went off Sunday.

The 19-year-old airman said the gun fired accidentally and he did not know it was loaded. The bullet passed through a window of a passing train and hit Sachiyo Miyamura, who was on his way to play a musical engagement at the base 20 miles northwest of Tokyo.

The Air Force is still investigating the shooting and is holding Longpre.

Under a U.S.-Japanese agreement, offenses committed by American military personnel in performance of duty come under U.S. military jurisdiction, while off-duty offenses are handled by Japanese courts.

Charlotte Smith, nutrition consultant with the Ohio Department of Health, and P. C. Bechtel, supervisor of Health and Physical Education, Ohio State Department of Education.

The afternoon sessions will start at 1 p. m. Students of the high school will be dismissed this afternoon. The elementary grade children will be dismissed tomorrow afternoon.

The program for today is: 1 p. m.— Purpose of the Conference and Introduction of Resource Personnel by Hartman; 1:05 p. m.— The Guidance Program by Henry; 1:10 p. m.— Speech Therapy by Mrs. White;

At 1:15 p. m.— School Health Policies by Mrs. Kirkpatrick; 1:30 p. m.— a film entitled, "School Health in Action" introduced by Mrs. Fogle; 2 p. m.— refreshments and group discussions; 2:45 p. m.— a film entitled, "The Teens"; 3:15 p. m.— a panel discussion by Mrs. Robertson, Mrs. Young, Mrs. Fogle and Cushman. The program for Wednesday is: 1 p. m.— a welcome by Hartman; 1:05 p. m.— Health Practice and Observations by Chilcote; 1:15 p. m.— The Speech Program by Mrs. White; 1:20 p. m.— Health Policies by Mrs. Kirkpatrick;

AT 1:30 P. M.— a film entitled, "The School That Went To Town", introduced by Mrs. Fogle; 2 p. m.— coffee break and group discussion; 2:45 p. m.— a panel discussion by Miss Smith, Cushman, Bechtel and Mrs. Young.

The high school workshop will be held in the auditorium. The elementary workshop will be held in the multi-purpose room of Atwater School.

Ohio U. Offers Extension Course

The Extension Division of Ohio University announces that an organization meeting for the purpose of determining interest in an extension class will be held here.

The meeting will be at 7 p. m. September 18 in the Circleville High School social rooms. Teachers and others who are interested are urged to attend. Offering of a course depends upon enrollment.

Owners of pigs in Ontario, Canada, must have at least five acres for the animals.

U.N. Study Finds People Afraid of Atomic Energy Use

GENEVA (AP)—Most people are afraid and emotionally upset over even peaceful uses of atomic energy, a study group of the World Health Organization declared today.

Explaining the fear, WHO said "radiation is invisible, unheard, unsmelt, untasted and unfelt, apparently infinitely powerful, yet springs from an almost infinitely small source."

This anxiety has people around the world suffering varying degrees of emotional or mental illness, said the study which was issued during the atoms-for-peace conference.

The study group was headed by Prof. Hans Hoff, Vienna psychiatrist.

The best hope for improved mental health in the atomic age lies in training children, at home and school, to "live realistically in a world of rapid change, uncertainties and uncertainties. This can be done to make them more self-reliant and emotionally mature.

There is little hope of changing the attitudes of most of today's adults."

There is "a growing mistrust of scientists as well as politicians." Scientists are volunteering, or being forced by politicians, to make judgments or recommend policies instead of sticking to just reporting facts, it is explained.

The ensuing public debates and disagreements among scientists add to public confusion and worry, and destroys faith in the scientist as an unerring source of facts, it said.

Politicians, lacking scientific training, have to call on scientists for advice; some resent this and see a threat to their own power from the scientists; others "use" the scientist, the study said.

Fear that radiation will be a time-bomb dooming future generations is "a deeper and more subtle fear than that of the unleashing of energy that might destroy the universe."

"There might be something peculiarly horrible in the idea, for example, of the cow, the giver of milk to children, as being a concentrating agent of radiation."

Many people don't want to read about atomic energy "because they are afraid of becoming afraid. They retreat into the dark caves of their own emotions," Ritchie Calder, British science writer serving on the study group, told a news conference.

Settlement Hinted Ahead In Car Dispute

DETROIT (AP) — The United Auto Workers and car industry management squared off today in their contract negotiations battle amid new hopes of settlement without a strike.

On the surface, at least, conditions appeared more favorable than 24 hours earlier in the stalemate talks.

With UAW President Walter Reuther on the scene as a negotiator, Chrysler, Ford and General Motors all went into separate negotiation sessions with the UAW.

Overnight the UAW called off its public meetings scheduled for today at which it had intended to report on negotiations to invited community leaders of auto industry cities.

Also, Reuther and Vice President Louis G. Seaton of General Motors reported a better understanding.

Reuther also indicated something of the same had been accomplished at a negotiations meeting he attended at Ford.

The negotiations, tied up tight since previous contracts expired last Memorial Day weekend, are reportedly now in a hard and fast stage as the time draws near for the car manufacturers' big 1959 new model car production race.

Columbus Man Says Trio Takes Money

Virgis Stires, Columbus, today reported to the local sheriff's department that \$125 was taken from him last night by three assailants. Stires told Deputy Sheriff Robert Hoover that he met the three men in a local cafe. He said he joined them for a ride in the country.

Stires said the men stopped the car, struck him and took his

Soil Bank Rule Defined

Steeley Explains Land Eligibility

Any farmer who has cropland which is regularly used for cultivated crops or tame hay is eligible to participate in the 1959 Conservation Reserve of the Soil Bank, Chairman Steeley of the Pickaway County Agricultural Stabilization and Conservation Committee announced today.

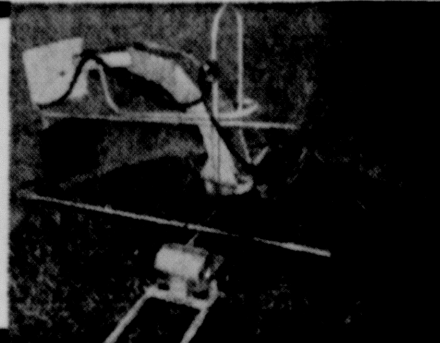

Using Conservation Reserve regulations, the chairman defined "eligible" and "ineligible" land for the program as follows:

Eligible land includes: (1) Any land from which a crop was harvested or which was in regular crop rotation in 1958, and (2) land from which tame hay was harvested for hay or silage in either 1957 or 1958. Tame hay is defined as "a stand of perennial grasses or legumes normally established for hay by land preparation and seeding."

Non-eligible land includes: (1) That planted to small fruits, vineyards, nursery stock, orchard or nut trees, and land between rows of these crops; (2) any land owned by the Federal Government or a corporation wholly owned by the Federal Government; and (3) land in noncrop open pasture, range, woods, or in the farmstead.

In Pickaway County, Steeley said, the smallest amount of land that can be put in the Conservation Reserve is 5 acres. If the entire acreage to be put in the program is to be planted to forest trees, however, as little as 2 acres may be planted.

GET AN ALL NEW MODEL 29 STARLINE SILO UNLOADER

Double augers cut, mix, and convey even hard-packed or frozen silage to the impeller which, operating like a hammer mill, picks up and throws silage out the spout using less horsepower than "vacuum cleaner" types. The collector arm is pushed around the silo by Double Driving Drums for extra leverage ... positive traction. Double belts provide positive drive. Single cable suspension permits lifting machine out of silage between unloadings. Reduces rusting and machine can't freeze in. Fits any silo, 12 to 16 ft. in diameter. Saves you an average of 300 hours of back-breaking work a year.
